Re-Entry to Japan of Foreign Nationals Who Possess Residence Status

The government of Japan has announced that foreign nationals with status of residence and have left Japan before 03 April 2020 are allowed to re-enter Japan from 05 August 2020.

Upon re-entry to Japan, the abovementioned are required to present a "Letter of Confirmation of Submitting Required Documentation for Re-entry into Japan" (Re-entry Confirmation Letter) obtained from the Embassy of Japan in the Philippines. A certificate of pre-entry COVID-10 PCR negative testing result must also be presented. The PCR test must be conducted within 72 hours of the departure time of the flight to Japan.

For the COVID-19 PCR test, the applicant is required to submit a "Certificate of Testing for COVID-19" attached herewith to a medical institution that conducts the COVID-19 tests that are indicated in the Certificate. If the applicant cannot find a medical institution which accepts the abovementioned format, the applicant can submit an optional format document with the following information in English, but in that case, it might take extra time for quarantine inspection and immigration inspection.

For the Re-entry Confirmation Letter, the following documents are required for the application:

- 1) Passport with valid re-entry permit including special re-entry permit
- 2) Residence card issued by the Japanese authority
- 3) Application Form (attached).

Application at the Embassy of Japan is free of charge. Please note that the Re-entry Confirmation Letter is not issued on the same day of application.

For the information and guidance of all concerned.
