Submission of Bank Quarterly Report on Residential Real Estate Loans for the Generation of the Residential Real Estate Price Index. To generate the Residential Real Estate Price Index (RREPI) xxx

Submission of Quarterly Report on Appraised Commercial Properties (QRACP) for the Generation of the Commercial Property Price Index. This report covers all appraised commercial properties, which include property accepted as collateral in lending transactions and acquired asset in the settlement of loans.

The QRACP shall be submitted to the Department of Economic Statistics (DES) of the Bangko Sentral, using the DES-CPPI Form 1, and shall cover the following pertinent data on all appraised properties, where appraisals are conducted by both in-house and independent appraisers, as provided in this Manual:
