We hereby certify that the above routes have been opened as a result of coordination with Local Government Units with open borders.

The number of units allowed to operate per "MODIFIED ROUTE" was estimated depending on whether the LGU has a specified number of passengers allowed to travel per day.

a. LGUs with specific number of passengers per day

*Number of Allowed Units = (Specified number of passengers / 20 pax per trip) x 1.40 x 2*

"1.40" = additional 40% allowance for repair and maintenance for long haul trips;

"2" = multiplier for long haul trips, ensuring that there are sufficient units for each endpoint of the route.

b. LGUs without specific number of passengers per day

*Number of Allowed Units = 30% of the existing number of authorized*

units.

*These units are proportionally distributed according to the number of authorized units per case number.*

*If the resulting distribution designates only one (1) unit for a certain case number, all the other case numbers will be added with one (1) unit except for case numbers with only 1 existing NAU.*

*All operators are required to submit clear copies of the Official Receipt (OR) and Certificate of Registration (CR) corresponding to the number of allowed units for the issuance of QR code.*

*The OR/CR shall be emailed to the Information Systems and Management Division at [ismd@lfrb.gov.ph](mailto:ismd@lfrb.gov.ph) with the subject: "PROVINCIAL BUS\_OR\_OPERATOR NAME\_CASE NUMBER"*
