TOTAL **14 ROUTES** **903** **692**

* Route previously opened through MC 2020-051. Note that "ALLOWED NAU" here are considered additional units.

**Case numbers containing units with issued QR codes by virtue of MC 2020-051 series.

We hereby certify that the above routes have been opened as a result of coordination with Local Government Units with open borders.

The number of units allowed to operate per "MODIFIED ROUTE" was estimated depending on whether the LGU has a specified number of passengers allowed to travel per day:

a. LGUs with daily passenger limit

Number of Allowed Units = (Specified number of passengers / "X" pax per trip) x 1.40 x n

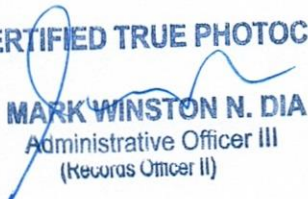

"1.40" = additional 40% allowance for repair and maintenance for long haul trips;

"n" = multiplier for long haul trips, ensuring that there are sufficient units for each endpoint of the route. (long haul, n = 2, short haul, n = 1)

"X" = 8 - 10 pax per trip was assumed to encourage operators with small fleet size to operate, and decrease headway between trips thereby reducing waiting time of passengers.

b. LGUs without daily passenger limit

Number of Allowed Units = Existing number of authorized units (Due to more relaxed quarantine measures)

These units are proportionally distributed according to the number of authorized units per case number.

All operators are required to submit clear copies of the Official Receipt (OR) and Certificate of Registration (CR) corresponding to the number of allowed units for the issuance of OR code.

The OR/CR shall be emailed to the Information Systems and Management Division at ismd@dtfb.gov.ph with the subject: "PROVINCIAL BUS_OR_OPERATOR NAME_CASE NUMBER"
