JOINT ADMINISTRATIVE ORDER

No. 2021-__0002__

SUBJECT: **Mandatory Adoption and Use of National Health Data Standards for Interoperability**

I. RATIONALE

The implementation of Universal Health Care Act recognizes the vital role of information and communications technologies (ICTs) in the adoption of an integrated and comprehensive approach to health development. Under Sections 31 and 36 of the Act, two (2) of the key strategies identified are to strengthen evidence-based sectoral policy and planning, and to improve the country's health information system (HIS).

To tangibly operationalize these strategies requires the use of common data standards to enable seamless and interoperable health services and information flow operating under a functional national health information infrastructure. At present, there is inconsistent adoption of health data standards across the healthcare service delivery chain in the country. Health care providers are not able to share their patient's health or medical records for continuing care. With the organization of local health systems into province-wide and city-wide health systems, this poses a dilemma when health and health-related data need to be shared and exchanged between and among healthcare providers and related entities. There are also different eHealth services, systems, applications, networks, and technologies with differing data definitions, terminologies, elements, and structures being used by healthcare providers. Currently, most of these are aimed to manage patient's medical records only at the provider level and respond to the reporting requirements of the Department of Health (DOH) and Philippine Health Insurance Corporation (PhilHealth). DOH and PhilHealth need to analyze information coming from different healthcare providers and related entities for evidence-based health policy development, decision making, and program planning and implementation. Standardization is needed to enable processing and analysis of health and health-related data and reports from multiple sources. With continuous ICT advancements and evolving national directions to standardize data across health systems, it is imperative that the health sector and its partners develop the ability to standardize definition, representation and organization of concepts and terminologies used in the processing and analysis of health and health-related data and reports.

II. OBJECTIVES

This Joint Administrative Order aims to define the national health data standards, and institutionalize the mandatory adoption and use of national health data standards for interoperability.
1

Specific objectives of the issuance are as follows:

A. Establish the core set of terminologies, definitions, and structures for data and reports processing, sharing and exchange;

B. Develop reference for market development of eHealth services, products, systems, applications, networks, and technologies; and

C. Define the implementation governance to direct and coordinate the adoption and use of national health data standards, ensure alignment with national health system goals, enable health systems integration, promote awareness and engagement of stakeholders, support and empower the needed change, implementation, and monitoring of results for delivery of expected benefits.

III. SCOPE OF APPLICATION

This Order shall apply to all implementers, i.e. public and private, national and local health care providers and insurers which shall be required to submit health and health-related data and reports to PhilHealth and/or DOH, and other health-related entities; all national, regional, local and branch offices under the DOH and PhilHealth; Ministry of Health – Bangsamoro Autonomous Region for Muslim Mindanao (MOH-BARMM); other national government agencies (NGAs) involved in the collection and processing of health and health-related data and reports; local government units (LGUs); and all others concerned.

IV. DEFINITION OF TERMS

A. **Implementers** refer to any of the following:
1. **Health Care Providers**, also known as health service providers, refer to any of the following:
   a. **Community-based health care organization** refers to an organization or association of members of the community organized for the purpose of improving the health status of that community;
   b. **Health care professional** refers to doctor of medicine, nurse, midwife, dentist, or other skilled allied health professional or practitioner duly licensed to practice in the Philippines;
   c. **Health facility** refers to a public or private facility or institution devoted primarily to the provision of services for health promotion, prevention, diagnosis, treatment, rehabilitation and palliation of individuals suffering from illness, disease, injury, disability, or deformity, or in need of medical and nursing care;
   d. **Laboratories and diagnostic clinics** refer to any facility where tests are done on specimens from the human body to obtain information about the health status of a patient for the prevention, diagnosis and treatment of diseases;
   e. **Pharmacies or drug outlets** refer to any establishment which sells or offers to sell any health product directly to the general public as defined in R.A. No. 9711, otherwise known as the "Food and Drug Administration Act of 2009;" and
   f. **Temporary treatment and monitoring facilities, and local isolation and general treatment areas** or related iterations that are established during times of health events of public health concern.
2. **Health-Related Entities** refer to municipal/city, regional and provincial health offices, academic and research institutions, civil society organizations, medical societies, health professional associations, non-government organizations, donor or funding agencies, development partners, and local and international ICT service providers which shall either develop, implement, sell and/or distribute health information systems and/or eHealth

2

services, products, systems, applications, networks, and technologies, and all other stakeholders involved in the collection, processing and submission of health and health-related data and reports, and/or providing health services in the Philippines, and those identified by the DOH and PhilHealth.

3. **Insurers** refer to local health insurance offices of PhilHealth, health maintenance organizations and private health insurance companies issued certificates of authority by the Insurance Commission, and those identified by DOH and PhilHealth.

B. **National Health Data Category Standard** refers to a specific health business process or service. It can also be referred to as use case. Examples of national health data category standard are disease surveillance and response, primary care benefit package, and specific public health programs, etc.

C. **National Health Data Dictionary** refers to the authoritative database that contains the national health data standards for the health sector in the processing of health and health-related data and reports.

D. **National Health Data Standards** refers to a set of standardized health or health-related terminology, definition and structure for interoperability. Specific structure of the national health data standards shall be as follows:

1. **Data Element** refers to any unit of data defined for processing. It shall be the official name of data element adopted by DOH and PhilHealth;
2. **Definition** refers to the official definition of data element adopted by DOH and PhilHealth;
3. **Source of Definition** refers to source document or reference where the definition was drawn or obtained.
4. **Frequency of Update** refers to how often the data is collected and updated.
5. **Data Type** refers to how the data is presented. This can be text, numeric, date, image, or other data types identified by the interagency National eHealth Technical Working Group.
6. **Data Format** refers to the format of the data as constrained by the data type. Examples are: Date [mm/dd/yyyy], and Name [First Name, Middle Name, Last Name, Extension Name].
7. **Possible Values** refers to pre-listing of expected data. Usually applicable for pre-determined selections. Examples are standard data codes with existing references (i.e. Sex – [1 – Male, 2 – Female], or ICD-10), or without existing references (i.e. Name – [First Name, Middle Name, Last Name, Extension Name]). For standard data codes with existing references, it will contain the following specific information:
   a. **Standard Data Code** refers to the code used for encoding data elements (such as drug/medicine codes, or medical procedure code), with precise metadata structures and specific purpose or function;
   b. **Standard Data Code Description** refers to the account of the metadata structures and semantic coding features of the standard data code;
   c. **Version** refers to the current version of the standard data code for mandatory adoption;
   d. **License** refers to the classification identifying the category (i.e. proprietary with payment of fees, open source but with payment of fees for support, free to use without any fees to be incurred, etc.) for the access and use of the standard data code;
   e. **URL Link** refers to the official link where codes and other references can be seen or made available;
   f. **Standard Data Code Custodian** refers to the name of the office, organization, or agency that developed or produced and maintains the standard data code;
   g. **Status of Implementation** refers to the details on the current status of implementation, including previous iterations/versions;

3

    h. Basis of Status refers to the legal basis confirming the status of implementation;

    i. Source of Status refers to the source document (i.e. national legislations, administrative issuances or guidelines, rules, etc.) used to confirm status of implementation.

  8. Data/System/Application refers to the name of information system, data collection/reporting forms, or their equivalent where the data can be sourced or found.

E. **Release 01** refers to the initial list of mandatory national health data standards for interoperability as approved by DOH and PhilHealth.

F. **Terminology Service** refers to an authoritative database for managing unique identification of health services and activities, including standard health and health-related data elements, terminologies and concepts, and their metadata specifications.

V. GENERAL GUIDELINES

A. All implementers shall adopt and use the national health data standards in their health information systems for their administrative and investment planning in health, public health, medical, pharmaceutical and health financing data, including in their enterprise resource planning, human resource information management, electronic medical/health records, laboratory and diagnostics, electronic prescription and dispensing log, telemedicine, referral system, supply chain management, claims processing and provider payment, financial and capital asset, quality management, and other eHealth services, products, systems and applications, networks, and technologies for public health use.

B. The DOH and PhilHealth, in consultation and coordination with interagency eHealth partners and concerned stakeholders, shall formulate new national health data standards, and update and maintain existing ones.

C. The national health data standards defined under this JAO and its succeeding releases shall serve as basis or reference for the:
1. Submission of the required health and health-related data and reports to PhilHealth and/or DOH; and
2. Standards conformance and interoperability validation of health information systems and/or other eHealth services, products, systems and applications, networks, and technologies for local and national health and health-related data reporting to DOH and PhilHealth, and linking members of the primary care provider network to secondary and tertiary care providers within and across province-wide/city-wide health systems. This shall be deemed part of the licensing and accreditation requirements for health facilities, respectively.

D. All implementers shall be given one (1) year from the date of effectivity of this JAO to comply with the mandatory national health data standards for interoperability. Cost for adoption, use, and continuous compliance with the mandatory national health data standards shall be charged using their own administrative funds, and/or the Special Health Funds for implementers in the public sector once operational, starting in 2022.

E. The adoption and use of mandatory national health data standards shall be regularly monitored, reviewed and evaluated by DOH and PhilHealth using agreed method(s), tool(s) and/or set of indicators for performance monitoring, and measured by the progress made in improving local and national health and health-related data reporting from the source to the PhilHealth and/or DOH.

4

VI. SPECIFIC GUIDELINES

A. Implementation Governance

1. The DOH and PhilHealth shall provide policy directions and oversight, in consultation and coordination with interagency eHealth partners and concerned stakeholders, on all matters relating to the formulation, adoption and use, monitoring, evaluation and updating of national health data standards.

2. The interagency National eHealth Technical Working Group (NEHTWG), with the assistance of the National Health Data Standards Sub-Working Group (NHDS-SWG), shall be tasked to review and recommend national health data standards, conduct the necessary consultations and coordination with concerned stakeholders, conduct researches to facilitate application of emerging health data standards, support capacity-building initiatives, and monitor the adoption and use.

3. The National eHealth Program Management Office (NEHPMO) at the DOH – Knowledge Management and Information Technology Service (KMITS) shall serve as the overall technical and administrative secretariat on all matters relating to the formulation, adoption and use, monitoring, evaluation and updating of national health data standards, in accordance with the policy directions from the SOH and PhilHealth PCEO as informed through the NEHTWG and NHDS-SWG.

4. The formulation, adoption and use, monitoring, evaluation and updating of national health data standards shall follow the national health data standards change management protocol indicated under Annex A.

5. Performance metrics shall be developed to measure the progress and success of adoption and use of the national health data standards in the country. Monitoring and evaluation results shall serve as basis or reference for the addition of new national health data standards, and update to existing ones.

B. Mandatory National Health Data Standards for Interoperability

1. The initial list of the mandatory national health data standards for interoperability is posted as Release 01 under Annex B.

   a. The list will be regularly updated with new standards being added, and existing standards continuously being monitored, reviewed and evaluated as being used. Implementers of Release 01 are invited to contact the interagency NEHTWG to provide inputs and feedback for improving the current data set/standards.

   b. Further works shall be done to enhance Release 01 as a result of its implementation, new progress in health data standards, continuous ICT advancements, evolving business processes on clinical and public health programs and services, emerging and reemerging diseases, health conditions, and related events, growing health and health-related data needs, and other emerging category standards or use cases for national and local health systems integration. Succeeding releases shall then be issued accordingly.

2. The complete and updated list of the mandatory national health data standards, including their structure, shall be published in a standard health data catalogue and made available electronically in the DOH-maintained National Health Data Dictionary (NHDD), which can be accessed at *www.nhdd.doh.gov.ph*, in the interim until such time that a national Terminology Service (TS) is established, or otherwise through DOH –KMITS.

C. Monitoring

1. The DOH and PhilHealth, as assisted by the interagency NEHTWG and NHDS-SWG, shall oversee the monitoring of adoption and use of mandatory national health data standards.

5

2. Monitoring shall be regularly performed with annual advisory updates issued every January of the succeeding year.

D. Evaluation

1. Evaluation shall be performed every two (2) years with DOH and PhilHealth providing directions on the scope and method of execution. Accordingly, new authoritative releases shall be issued every January of the succeeding year.
2. Evaluation results shall be used to determine if the program is effective in attaining its goals and objectives in relation to UHC Act, and consequently, serve as basis or reference for improvements in policy and program implementation.

VII. ROLES AND RESPONSIBILITIES

A. Department of Health and Philippine Health Insurance Corporation

1. Set and approve the national health data standards for mandatory adoption and use;
2. Provide policy directions and oversight in the planning, implementation, monitoring and evaluation of the adoption and use of national health data standards for interoperability;
3. Provide the necessary resources to support the mandatory adoption and use of national health data standards for interoperability;
4. Provide technical assistance and guidance to all implementers and other concerned stakeholders on national health data standards for interoperability;
5. Establish coordination and networking with interagency eHealth partners and concerned stakeholders in planning, implementation, monitoring and evaluation of the adoption and use of national health data standards for interoperability; and
6. Distribute, disseminate and/or publish the approved mandatory national health data standards, including modifications and/or new releases through the NHDD/TS, or other means as shall be agreed upon by DOH and PhilHealth.

B. Inter-Agency National eHealth Technical Working Group

1. Recommend policies and implementation strategies, and national health data standards for mandatory adoption and use based on the assessment and monitoring reports of the NHDS-SWG; and
2. Assist the DOH and PhilHealth in planning, implementation, monitoring and evaluation of the adoption and use of national health data standards for interoperability in consultation and collaboration with with all concerned stakeholders.

C. Inter-Agency National Health Data Standards Sub-Working Group

1. Review and recommend national health data standards for mandatory adoption and use to the DOH and PhilHealth as informed through the NEHTWG;
2. Conduct the necessary consultations and coordination with all concerned stakeholders;
3. Conduct researches to facilitate application of emerging health data standards, and support capacity-building initiatives; and
4. Lead the assessment and monitoring of progress status of adoption and use of national health data standards for interoperability in coordination with the NEHPMO.

D. Implementers

1. Comply with the adoption and use of mandatory national health data standards for interoperability;
2. Ensure availability of necessary support needed to fully adopt and implement the national health data standards for interoperability such as funding, system requirements, etc.;

6

3. Ensure the integrity, security, and confidentiality of health and health-related data being maintained, transmitted or exchanged;
4. Report issues, concerns, and/or problems that may arise in the adoption and implementation of national health data standards for interoperability; and
5. Provide relevant inputs and feedback to further improve the adoption and implementation of the national health data standards for interoperability.

VIII. TRANSITORY PROVISION

Within one (1) year from the effectivity of this policy, all responsible DOH and PhilHealth offices shall release new, updated, or supplemental issuances, and operationalize the provisions of this issuance.

IX. REPEALING CLAUSE
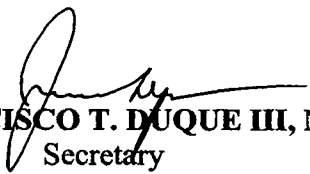

All previous issuances whose provisions are inconsistent with or contrary to any of the provisions of this Joint Administrative Order are hereby rescinded and modified accordingly.

X. SEPARABILITY CLAUSE

In the event that any provision or part of this Joint Administrative Order is declared unauthorized or rendered invalid by any Court of Law or competent authority, those provisions not affected by such declaration shall remain valid and in force.

XI. PUBLICATION AND EFFECTIVITY

This Joint Administrative Order shall take effect after fifteen (15) days following its complete publication in a newspaper of general circulation and upon filing three (3) certified copies to the University of the Philippines Law Center.

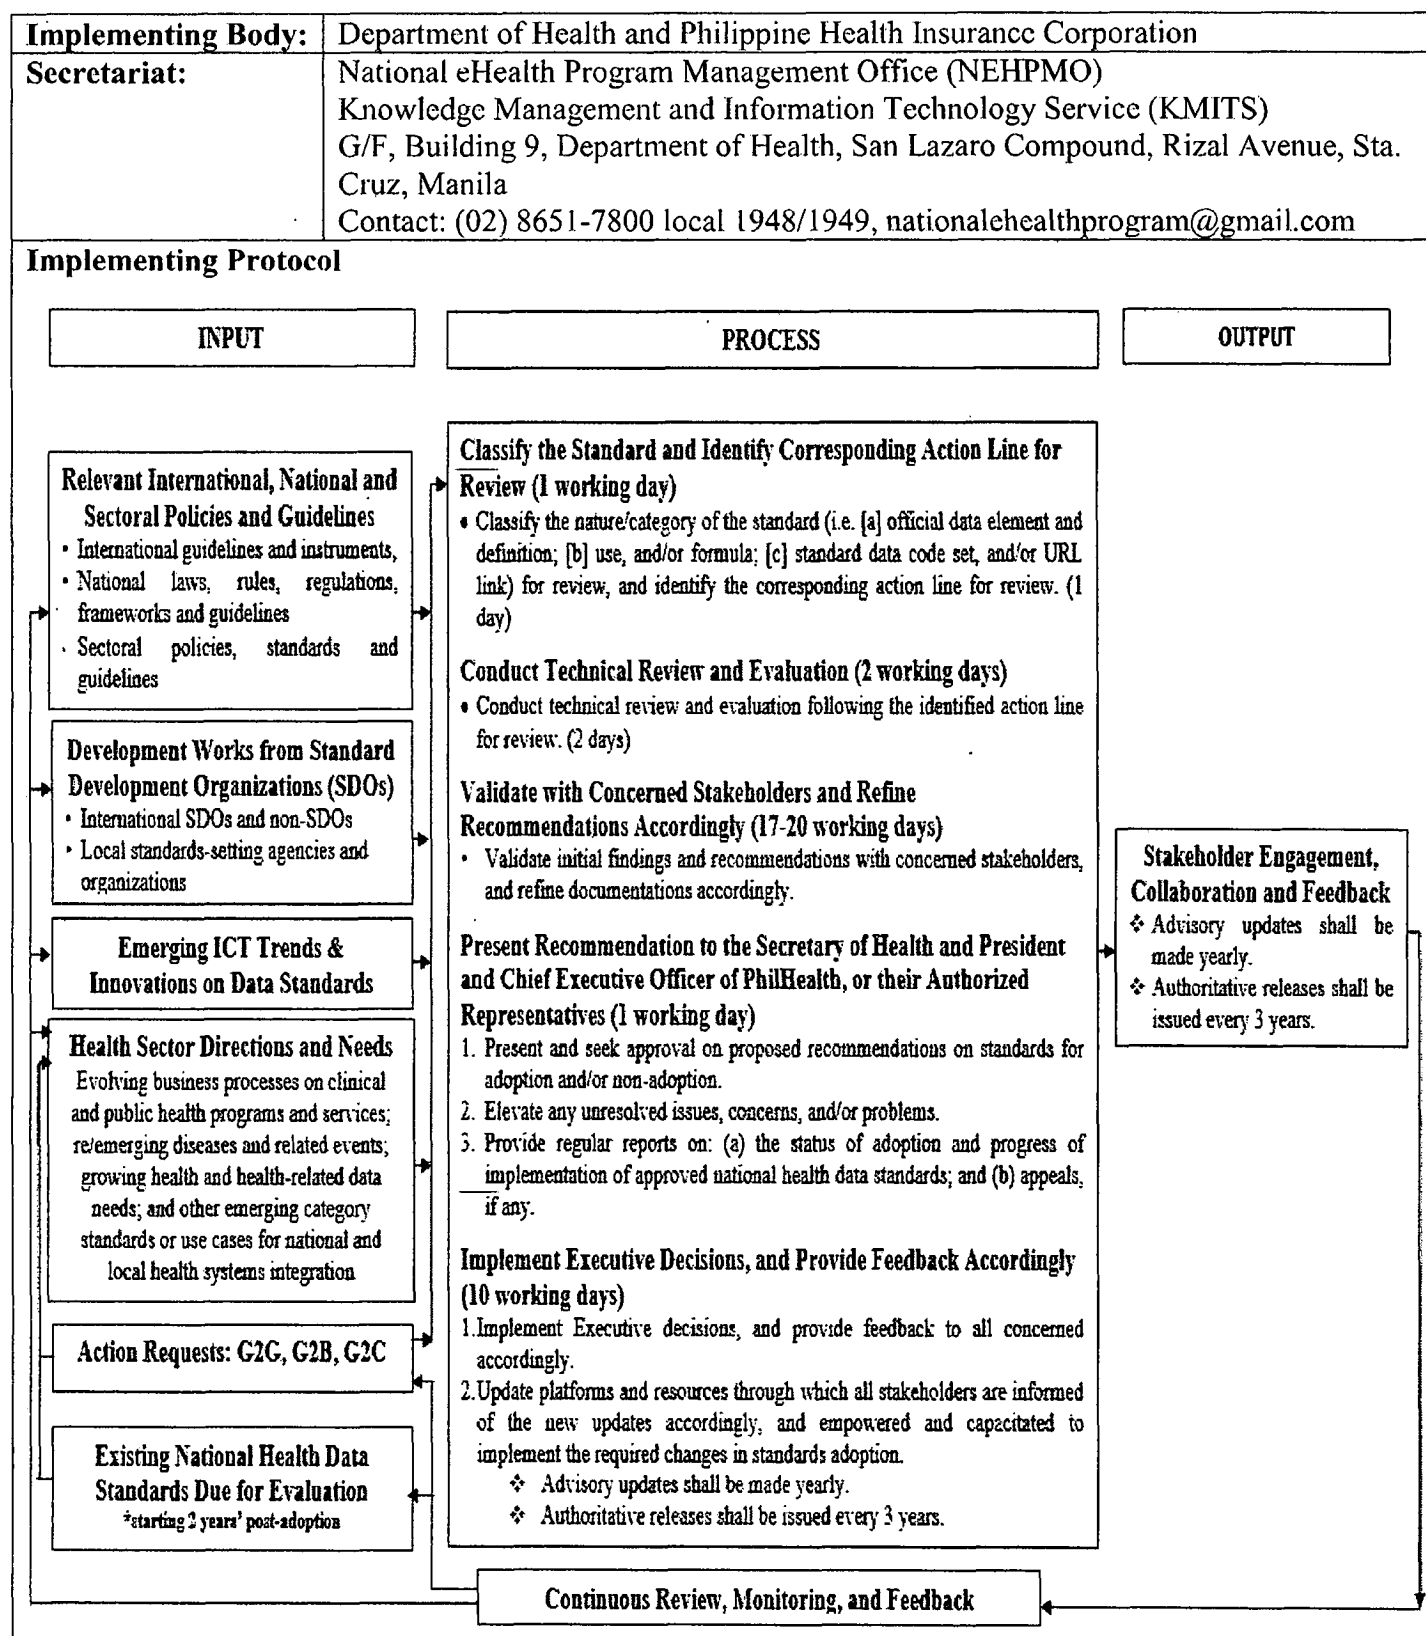

FRANCISCO T. DUQUE III, MD, MSc
Secretary
Department of Health

ATTY. DANTE A. GIERRAN, CPA
President and Chief Executive Officer
Philippine Health Insurance Corporation

Annex A. National Health Data Standards Change Management Protocol

1. Formulation, Adoption and Use, Monitoring, Evaluation, and Updating of National Health Data Standards

Implementing Body:	Department of Health and Philippine Health Insurance Corporation
Secretariat:	National eHealth Program Management Office (NEHPMO) Knowledge Management and Information Technology Service (KMITS) G/F, Building 9, Department of Health, San Lazaro Compound, Rizal Avenue, Sta. Cruz, Manila Contact: (02) 8651-7800 local 1948/1949, nationalehealthprogram@gmail.com

Implementing Protocol

INPUT	PROCESS	OUTPUT

INPUT

Relevant International, National and Sectoral Policies and Guidelines
- International guidelines and instruments,
- National laws, rules, regulations, frameworks and guidelines
- Sectoral policies, standards and guidelines

Development Works from Standard Development Organizations (SDOs)
- International SDOs and non-SDOs
- Local standards-setting agencies and organizations

Emerging ICT Trends & Innovations on Data Standards

Health Sector Directions and Needs
Evolving business processes on clinical and public health programs and services; re/emerging diseases and related events; growing health and health-related data needs; and other emerging category standards or use cases for national and local health systems integration

Action Requests: G2G, G2B, G2C

Existing National Health Data Standards Due for Evaluation
*starting 3 years' post-adoption

PROCESS

Classify the Standard and Identify Corresponding Action Line for Review (1 working day)
- Classify the nature/category of the standard (i.e. [a] official data element and definition; [b] use, and/or formula; [c] standard data code set, and/or URL link) for review, and identify the corresponding action line for review. (1 day)

Conduct Technical Review and Evaluation (2 working days)
- Conduct technical review and evaluation following the identified action line for review. (2 days)

Validate with Concerned Stakeholders and Refine Recommendations Accordingly (17-20 working days)
- Validate initial findings and recommendations with concerned stakeholders, and refine documentations accordingly.

Present Recommendation to the Secretary of Health and President and Chief Executive Officer of PhilHealth, or their Authorized Representatives (1 working day)
1. Present and seek approval on proposed recommendations on standards for adoption and/or non-adoption.
2. Elevate any unresolved issues, concerns, and/or problems.
3. Provide regular reports on: (a) the status of adoption and progress of implementation of approved national health data standards; and (b) appeals, if any.

Implement Executive Decisions, and Provide Feedback Accordingly (10 working days)
1. Implement Executive decisions, and provide feedback to all concerned accordingly.
2. Update platforms and resources through which all stakeholders are informed of the new updates accordingly, and empowered and capacitated to implement the required changes in standards adoption.
   - ❖ Advisory updates shall be made yearly.
   - ❖ Authoritative releases shall be issued every 3 years.

OUTPUT

Stakeholder Engagement, Collaboration and Feedback
- ❖ Advisory updates shall be made yearly.
- ❖ Authoritative releases shall be issued every 3 years.

Continuous Review, Monitoring, and Feedback

2. Citizen's Charter for Action Request for New Health Data Standards and/or Update to Existing Standards in the NHDD/Terminology Service

Office or Division:	National eHealth Program Management Office (NEHPMO) Knowledge Management and Information Technology Service (KMITS) G/F, Building 9, Department of Health, San Lazaro Compound, Rizal Avenue, Sta. Cruz, Manila Contact: (02) 8651-7800 local 1948/1949, nationalehealthprogram@gmail.com
Classification:	Highly Technical
Type of Transaction:	G2G (Government to Government), G2C (Government to Citizen), G2B (Government to Business)
Who may avail:	All implementers, i.e. public and private, national and local health care providers and health related entities; other NGAs; and LGUs.

CHECKLIST OF REQUIREMENTS	WHERE TO SECURE
Action Request Form (for walk-in clients) Letter request with contact information Photocopy of ID	KMITS-NEHPMO G/F, Building 9, Department of Health, San Lazaro Compound, Rizal Avenue, Sta. Cruz, Manila
DOH NHDD Portal (for online clients)	NHDD portal: http://nhdd.doh.gov.ph

CLIENT STEPS	AGENCY ACTIONS	FEES TO BE PAID	PROCESSING TIME	PERSON RESPONSIBLE
1.a. Submission of action request for new health data standards, and/or update to existing standards in the NHDD/TS from other public and private stakeholder in health. ❖ Specify nature of action request, and provide contact information and copy of valid ID. Or 1.b. Endorsement of new and/or updated health and health-related data for standardization from DOH OBSUs, attached agencies and health facilities. ❖ Specify nature of action request and provide	Receipt of action request/endorsement. 1.1. Checking of requirements. 1.2. Clarification of nature of action request/ endorsement – i.e. either: (a) official data element and definition; (b) use, and/or formula; (c) standard data code set, and/or URL link. 1.3. Check for duplication and possible semantic similarities (e.g. schema associations) with existing mandatory national health data standards in the NHDD/TS, if deemed warranted by the nature of the action request. ❖ If the proposed standard is already included in the NHDD/TS, or shares similarities of schema with an existing standard,	None	2 hours	Project Officer I

contact information.	provide official response with this information to the client. ❖ If the proposed standard is not yet included in the NHDD, a technical review and evaluation will be conducted for standardization.			
2. Wait for response within 30 working days.	Conduct initial technical review and evaluation accordingly.	None	2 days	Project Officer I
	Validate with concerned stakeholders.	None	15 days	National Health Data Standards Sub-Working Group, and Project Officer I
	Finalize findings and decide on recommendations based on stakeholder inputs and feedback.	None	2 days	National eHealth Technical Working Group and Health Data Standards Sub-Working Group, and Project Officer I
	Present final recommendations to the Secretary of Health and the President and Chief Executive Officer of PhilHealth, or their authorized representatives for approval.	None	1 day	National eHealth Technical Working Group or its authorized representative
	Revise recommendations following joint instructions from the Secretary of Health and the President and Chief Executive Officer of PhilHealth, or their authorized representatives.	None	2 days	Project Officer I
	Clearance and issuance of official response or update to the requesting party based on the joint action recommendation from the Secretary of Health and the President and Chief Executive Officer of PhilHealth, or their authorized representatives.	None	3 days	National eHealth Technical Working Group and Health Data Standards Sub-Working Group, and Project Officer I

	Note: Should there be additional action request from the requesting party, the Project Officer shall ask the requester to submit a newly accomplished action request form, or login into the NHDD/TS portal for this new action request.			
	Update standards platforms and resources accordingly.	None	5 days	National eHealth Technical Working Group and Health Data Standards Sub-Working Group, and Project Officer I
3. Appeal Procedures If the requester does not agree with the action recommendation of the National eHealth Steering Committee, or Secretary of Health or its authorized representative, s/he shall submit a written hard copy for reconsideration within fifteen (15) working days of receipt of the response to the Office. ❖ The appeal must state the reason(s) why the action recommendation is deemed inadequate.	Receipt of the letter of appeal.	None	5 minutes	Project Officer I
	Review and evaluate the appeal, including clarification of appeal with the appellant.	None	2 days	Project Officer I
	Prepare initial recommendation and validate with concerned stakeholders.	None	10 days	National Health Data Standards Sub-Working Group, and Project Officer I
	Finalize findings and decide on recommendations based on stakeholder inputs and feedback.	None	2 days	National eHealth Technical Working Group and Health Data Standards Sub-Working Group, and Project Officer I
	Present final recommendations to the Secretary of Health and the President and Chief Executive Officer of PhilHealth, or their authorized representatives for approval.	None	1 day	National eHealth Technical Working Group or its authorized representative
	Revise recommendations following joint instructions from the Secretary of Health and the President and Chief Executive Officer of PhilHealth, or their authorized representatives.	None	2 days	Project Officer I
	Clearance and issuance of official response, indicating resultant appeal findings,	None	3 days	National eHealth Technical Working Group and Health Data Standards Sub-

	action and decision to the appellant. ___			Working Group, and Project Officer I
TOTAL PROCESSING TIME	**For action request with no appeal.**		**25 days and 2 hours**	
	For action request with appeal.		**45 days, 2 hours, and 5 minutes**	

Annex B. Release 01 of Mandatory National Health Data Standards for Adoption and Use

1. National Health Data Standards – Release 01

	DATA ELEMENT	DEFINITION	SOURCE OF DEFINITION
MASTER PERSON DATA			
1	PhilHealth Identification Number (Member or Dependent)	A unique and permanent number issued to any client upon enrolment/membership registration to the National Health Insurance Program of the Corporation for purposes of identification, eligibility verification, and utilization recording.	1. DOH Administrative Order 2013-0025: National Implementation of Health Data Standards for eHealth Standardization and Interoperability (eHSI Release 001). 2. Captured in PhilHealth Membership Registration and Claims Forms.
2	PhilSys Number	A randomly generated, unique, and permanent identification number that will be assigned to every citizen or resident alien upon birth or registration by the PSA.	Republic Act 11055: Philippine Identification System Act
3	Taxpayer Identification Number	A nine-digit number assigned by the Bureau of Internal Revenue (plus a three-digit branch code, if applicable) to any person, whether natural or juridical, required under the authority of the Internal Revenue Code to make, render or file a return, statement or other documents for his proper identification for tax purposes	Section 236 (i) of the Tax Code.
4	Passport Number	A unique identification code issued by the Philippine government to its citizens and requesting other governments to allow its citizens to pass safely and freely, and in case of need to give him/her all lawful aid and protection.	Republic Act 8239: Philippine Passport Act of 1996.
5	Person with Disability (PWD) Identification Number	A unique identification code issued to any bonafide person with permanent disability.	NCDA Administrative Order No. 001 Series of 2008: Guidelines on the Issuance of

6	Type of Disability	Type of disability as represented by a code.	Identification Card Relative to Republic Act 9442
7	With Permanent Disability	Yes/No	
8	Pantawid Pamilya Identification Number	Unique and permanent number issued by the Department of Social Welfare and Development (DSWD) to a client if member of the Pantawid Pamilya Pilipino Program (PPPP).	RA No. 11310: Institutionalizing the Pantawid Pamilyang Pilipino Program (4Ps)
9	Senior Citizen Identification Number	Unique and permanent number indicated in the identification card issued by the Office of the Senior Citizen Affairs (OSCA) of the place where the senior citizen resides.	Republic Act No. 9994: Expanded Senior Citizen's Act of 2010.
10	Picture	Raw image/picture of patient	PhilHealth Circular 2020-0002: Governing Policies of the Konsultasyong Sulit at Tama (PhilHealth Konsulta) Package: Expansion of the Primary Care Benefit to Cover All Filipinos
11	Biometric	Biometric data.	
12	Other Physical Features	Other physical features.	

KONSULTA PROVIDER

13	Health Facility	An institution that has health care as its core service, function or business. Health care pertains to the maintenance or improvement of the health of individuals or populations through the prevention, diagnosis, treatment, rehabilitation and chronic management of disease, illness, injury and other physical and mental ailments or impairments of human beings.	DOH Administrative Order No. 2019-0060: Guidelines on the Implementation of the National Health Facility Registry PhilHealth Circular 2020-0002: Governing Policies of the Konsultasyong Sulit at Tama (PhilHealth Konsulta) Package: Expansion of the Primary Care Benefit to Cover All Filipinos
14	Date As Of	Date of consultation.	PhilHealth Circular 2020-0002: Governing Policies of the Konsultasyong Sulit at Tama (PhilHealth Konsulta) Package: Expansion of the Primary Care Benefit to Cover All Filipinos
15	Civil Status	Marital status of the client in relation to the current marriage laws and customs in the country, as represented by a code.	1. DOH Hospital Health Information Management Manual 2. Captured in PhilHealth Claim Form 4 3. RA 3753: Registry of Civil Status Act

PERSON'S NAME			
16	Last Name	Legal last name of patient	1. DOH Hospital Health Information Management Manual
17	First Name	Legal first name of patient	
18	Middle Name	Legal middle name of patient	2. Captured in PhilHealth Member Registration Form and Claim Form 4.
19	Suffix/Extension Name	Additional term following the patient's full name. Examples are Jr., Sr., III, and others	
20	No Middle Name	Yes/No	
MEMBERSHIP GENERAL CATEGORY			
21	Dependent Member's PhilHealth Identification Number	A unique and permanent number issued to any client upon enrolment/membership registration to the National Health Insurance Program of the Corporation for purposes of identification, eligibility verification, and utilization recording.	1. DOH Administrative Order 2013-0025: National Implementation of Health Data Standards for eHealth Standardization and Interoperability (eHSI Release 001). 2. Captured in PhilHealth Membership Registration and Claims Forms.
22	Relationship to Member	If PhilHealth Status is Dependent: Relationship Code For PhilHealth: Child, Parent, Spouse	PhilHealth Circular 2020-0002: Governing Policies of the Konsultasyong Sulit at Tama (PhilHealth Konsulta) Package: Expansion of the Primary Care Benefit to Cover All Filipinos
Member's Maiden Name		If Married	
23	Last Name	Legal last maiden name of patient	DOH Hospital Health Information Management Manual
24	First Name	Legal first maiden name of patient	
25	Middle Name	Legal middle maiden name of patient	
26	Suffix/Extension Name	Additional term following the patient's full name. Examples are Jr., Sr., III, and others	
27	No Middle Name	Yes/No	
Spouse Name		If Married	
28	Last Name	Spouse's legal last name	DOH Hospital Health Information Management Manual
29	First Name	Spouse's legal first name	
30	Middle Name	Spouse's legal middle name	
31	Suffix/Extension Name	Additional term following the patient's full name. Examples are Jr., Sr.. III, and others	
32	No Middle Name	Yes/No	
Mother's Maiden Name			
33	Last Name	Mother's maiden last name	DOH Hospital Health Information Management
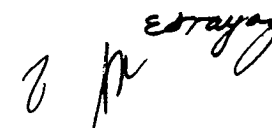

34	First Name	Mother's maiden first name	Manual
35	Middle Name	Mother's maiden middle name	
36	No Middle Name	Yes/No	
Father's Name			
37	Last Name	Father's legal last name	DOH Hospital Health Information Management
38	First Name	Father's legal first name	Manual
39	Middle Name	Father's legal middle name	
40	Suffix/Extension Name	Additional term following the patient's full name. Examples are Jr., Sr., III, and others	
41	Date of Birth	Patient's date of birth	1. DOH Hospital Health Information Management Manual
Place of Birth		Place where the patient was born	2. PhilHealth Claim Form 4
42	City/Municipality	City/municipality where the patient was born, as represented by a code.	3. Philippine Standard Geographic Code - Philippine Statistics Authority (PSGC-PSA)
43	Province	Province where the patient was born, as represented by a code.	
44	Country	Country where the patient was born, as represented by a code.	
45	Sex	Property or quality in which a patient is classified as female or male on the basis of their reproductive organs and functions, as represented by a code.	1. DOH Hospital Health Information Management Manual 2. PhilHealth Claim Form 4
46	Nationality	Legal relationship between a person and a country; Current nationality, as represented by a code.	
47	Citizenship	Legal relationship between a person and a country; Current nationality, as represented by a code.	
48	Religion	An institutionalized or personal system of beliefs and practices relating to the divine, as represented by a code.	DOH Hospital Health Information Management Manual
49	Religion, others specify	If not in the standards, specify.	
50	Blood Type	A classification of blood based on the presence or absence of inherited antigenic substances on the surface of red blood cells	

9
		(RBCs); Must be confirmed or passed the laboratory test.	
Permanent Address			
51	Unit/Room #/Floor	Unit/Room #/Floor indicated in the permanent address.	1. DOH Hospital Health Information Management Manual
52	Building Name	Building Name indicated in the permanent address.	2. PSGC- PSA
53	Lot/Block/Phase/House #	Lot/Block/Phase/House # indicated in the permanent address.	
54	Street Name	Street name indicated in the permanent address.	
55	Subdivision	Subdivision indicated in the permanent address.	
56	Barangay	Barangay indicated in the permanent address, as represented by a code.	
57	Municipality/City	Municipality/city indicated in the permanent address, as represented by a code.	
58	Province	Province indicated in the permanent address, as represented by a code.	
59	Region	Region indicated in the permanent address, as represented by a code.	
60	State	State indicated in the permanent address, as represented by a code.	
61	Country	Country indicated in the permanent address, as represented by a code.	
62	Zip Code	Zip Code indicated in the permanent address.	
Mailing Address / Current Address			
63	Unit/Room #/Floor	Unit/Room #/Floor indicated in the mailing/current address.	1. DOH Hospital Health Information Management Manual
64	Building Name	Building Name indicated in the mailing/current address.	2. PSGC- PSA

10
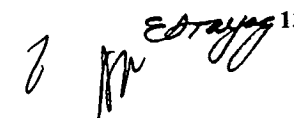

65	Lot/Block/Phase/House #	Lot/Block/Phase/House # indicated in the mailing/current address.	
66	Street Name	Street name indicated in the mailing/current address.	
67	Subdivision	Subdivision indicated in the mailing/current address.	
68	Barangay	Barangay indicated in the mailing/current address, as represented by a code.	
69	Municipality/City	Municipality/city indicated in the mailing/current address, as represented by a code.	
70	Province	Province indicated in the mailing/current address, as represented by a code.	
71	Region	Region indicated in the mailing/current address, as represented by a code.	
72	State	State indicated in the mailing/current address, as represented by a code.	
73	Country	Country indicated in the mailing/current address, as represented by a code.	
74	Zip Code	Zip Code indicated in the mailing/current address, as represented by a code.	
Contact Numbers			
75	Home Phone Number	Landline telephone number at which the patient can be contacted	DOH Hospital Health Information Management Manual
76	Mobile Phone Number	Cellphone number at which the client can be contacted as well as can be used for SMS application	
77	Business Phone Number - Direct	Business phone number at which the client can be contacted	Captured in PhilHealth Member Registration & Claim Forms.
78	Email Address	Email address at which the patient can be contacted	
Occupation/Profession		Text description of the current patient's work	Captured in PhilHealth Member Registration & Claim Forms.

79	Occupational Category	Captured in PhilHealth Member Registration & Claim Forms.	PhilHealth Member Registration Form
80	Occupational Description	Occupational Description	
81	Health Worker	Is the patient a health worker?	
82	Monthly Income	Monthly Income	
83	Proof of Income	Client's proof of income	
84	Proof of Income for Others	Proof of income for others	
85	Highest Educational Attainment	The highest level of education completed in terms of the highest degree of schooling completed, as represented by a code.	DOH Administrative Order 2013-0025: National Implementation of Health Data Standards for eHealth Standardization and Interoperability (eHSI Release 001)
86	Educational Description	Educational description	
87	Member Type	Patient's type of membership? Direct Contributor / Indirect	PhilHealth Circular 2020-0002: Governing Policies of the Konsultasyong Sulit at Tama (PhilHealth Konsulta) Package: Expansion of the Primary Care Benefit to Cover All Filipinos
88	Member Type for Direct Contributor	Employed Private, Employed Government, Professional Practitioner, Self-Earning Individual - Individual, Self-Earning Individual - Sole Proprietor, Self-Earning Individual - Group Enrollment Scheme, Kasambahay, Migrant Worker - Land-Based, Migrant Worker - Sea-Based, Lifetime Member, Filipinos with Dual Citizenship / Living Abroad, Foreign National	
89	Member Type for Direct Contributor - Group Enrollment Scheme	If Self-Earning Individual - Group Enrollment Scheme - Group Enrollment Scheme Code	PhilHealth Circular 2020-0002: Governing Policies of the Konsultasyong Sulit at Tama (PhilHealth Konsulta) Package: Expansion of the Primary Care Benefit to Cover All Filipinos
90	Group Enrollment Scheme Description	Description if Group Enrollment Scheme was made.	
91	Philippine Retirement Authority - Special Resident's Retiree Visa (PRA SRRV) Number	Philippine Retirement Authority - Special Resident's Retiree Visa (PRA SRRV) Number for foreign nationals.	

92	Alien Certificate of Registration Identification Card (ACR I-Card) Number	Alien Certificate of Registration Identification Card (ACR I-Card) Number for foreign nationals.	
93	Member Type for Indirect Contributor	Listahan, Pantawid Pamilyang Pilipino Program/Modified Conditional Cash Transfer (4Ps/MCCT), Senior Citizen, Payapa at Masaganang Pamayanan (PAMANA), Killed in Action /Killed in Police Operations (KIA/KIPO), LGU-Sponsored, NGA-Sponsored, Private-Sponsored, Person with Disability, Bangsamoro/Normalization	
94	Point of Service Financially Incapable	Yes/No	
95	Point of Service Financially Incapable - Date As Of	Point of Service Financially Incapable and Date As Of	
96	Financially Incapable	Yes/No	
97	Financially Incapable Date As Of	Financially Incapable Date As Of	
98	Date of Initial Transmission	Date data was transmitted to National Health Data Center	
99	Time of Initial Transmission	Time data was transmitted to National Health Data Center	
100	Date of Last Update	Date data was last updated	
101	Time of Last Update	Time data was last updated	
ENCOUNTER LOG			
1	Encounter Code	Setting and condition in which the encounter takes place. It collectively constitutes health care provider code, PhilHealth identification number of the patient, date and time of encounter, as represented by a code.	PhilHealth Circular 2020-0002: Governing Policies of the Konsultasyong Sulit at Tama (PhilHealth Konsulta) Package: Expansion of the Primary Care Benefit to Cover All Filipinos
2	Health Facility Code	DOH-issued unique health facility code as generated from the National Health Facility Registry (NHFR).	DOH AO 2020- 2019-0060: Guidelines on the Implementation of the National Health Facility Registry

13

3	PhilHealth Identification Number	PhilHealth identification number of patient. A unique and permanent number issued to any client upon enrolment/membership registration to the National Health Insurance Program of the Corporation for purposes of identification, eligibility verification, and utilization recording.	1. DOH Administrative Order 2013-0025: National Implementation of Health Data Standards for eHealth Standardization and Interoperability (eHSI Release 001) 2. PhilHealth Circular 2020-0002: Governing Policies of the Konsultasyong Sulit at Tama (PhilHealth Konsulta) Package: Expansion of the Primary Care Benefit to Cover All Filipinos
4	PhilHealth Claim Series #	PhilHealth Issued Series #	PhilHealth Claims Form 1-4
5	Hospital Patient ID #	Hospital Patient ID #	1. DOH Hospital Health Information Management Manual 2. PhilHealth Claim Form 4
6	Hospital Registry #	Registry number assigned by the health facility to the patient	
7	Hospital Case #	Primary identifier used by the health facility to identify a patient for each case or incidence	
8	Type of Encounter	Outpatient / Emergency Room / Inpatient	
9	Clinical Status At Time of Report	Clinical status of the patient in terms of inpatient, outpatient, died, discharged, or unknown as represented by a code.	
10	Type of Patient	Type of patient as represented by a code.	
11	Date of Encounter	Date patient was seen at the health facility.	
12	Time of Encounter	Time patient was seen at the health facility.	
13	Sex	Property or quality in which a patient is classified as female or male on the basis of their reproductive organs and functions	
14	Age in Years at Time of Encounter	Computed age in years based on date of birth.	
15	Age in Months at Time of Encounter	Computed age in months based on date of birth	
16	Age in Days at Time of Encounter	Computed age in days based on date of birth	

17	COVID-19	If the patient is a COVID-19 case or not.	
18	**Referred From**	Yes/No	
19	Referred from Health Facility	DOH-issued unique health facility code as generated from the National Health Facility Registry (NHFR) to the referring health facility.	DOH AO 2020- 2019-0060: Guidelines on the Implementation of the National Health Facility Registry
20	Reason for Referral	Reason for Referral Code	1.DOH AO 2020-0013: Inclusion of COVID-19 in the List of Notifiable Diseases 2.Included in the COVID-19 Case Investigation Form
21	Reason for Referral, Others Specify	Reason for Referral, Others Specify	
22	Date of Discharge	Date of Discharge	
23	Time of Discharge	Time of Discharge	
24	Date of Onset of Illness	Date of Onset of Illness	
25	Date of Exposure to Known Case	Date of Exposure to Known Case	
26	Disposition	Type of disposition (i.e. Home, Discharged Against Medical Advice, Absconded, Expired/Died, Transferred/Referred) as represented by a code.	
27	**Referred To**	Yes/No	
28	Referred To Health Facility Code	DOH-issued unique health facility code as generated from the National Health Facility Registry (NHFR) to the referral health facility.	DOH AO 2020- 2019-0060: Guidelines on the Implementation of the National Health Facility Registry
29	Reason for Transferred/Referral	Reason for Referral Code	1. DOH AO 2020-0013: Inclusion of COVID-19 in the List of Notifiable Diseases 2. Included in the COVID-19 Case Investigation Form
30	Reason for Transferred/Referral, Others Specify	Reason for Transferred/Referral, Others Specify	
31	Date of Death	If Expired, Date of Death	1. DOH Hospital Health Information Management Manual 2. RA 10625: Philippine Statistics Act

			3. RA 3753: Registry of Civil Status Act
32	Time of Death	If Expired, Time of Death	
33	Cause of Death	Cause of Death.	
34	Place of Death	Place of Death.	
35	Underlying Cause of Death (ICD-10)	Disease or injury that initiated the train of events leading directly to death	
36	Underlying Cause of Death Description	Underlying Cause of Death Description	
37	Accommodation Type	Private / Non-Private (Charity / Service)	DOH Hospital Health Information Management Manual
38	Chief Complaint	Chief Complaint as represented by a code.	
39	Chief Complaint - Remarks	Chief Complaint - Remarks	
40	Other Complaints	Other Complaints	
41	Consent to Access Patient Records	Consent to access patient records was provides, yes/no	
Attending Health Care Professional			
42	PhilHealth Accreditation Number	PhilHealth-issued accreditation number to the healthcare professional.	1. DOH Hospital Health Information Management Manual 2. PhilHealth eClaims Forms
43	Last Name	Legal last name of the healthcare professional.	
44	First Name	Legal first name of the healthcare professional.	
45	Middle Name	Legal middle name of the healthcare professional.	
46	Suffix/Extension Name	Additional term following the Health Care Professional's name. Examples are Jr., Sr., III, and others	
Person Granting Consent to Access			
47	Last Name	Legal last name of the personal granting consent to access.	DOH Hospital Health Information Management Manual
48	First Name	Legal first name of the personal granting consent to access.	

49	Middle Name	Legal middle name of the personal granting consent to access.	
50	Suffix/Extension Name	Additional term following the grantor's name Examples are Jr., Sr., III, and others	
51	Date Signed	Date the consent was signed	
52	Relationship of the representative to the member/patient	If person granting access is a representative, Relationship Code: Spouse, Sibling, Child, Parent, Others	
53	Other Relationship	If relationship selected is others, describe relationship	
54	Reason for signing on behalf of the member/patient	Reason Code: Patient is incapacitated, Other Reasons	
55	Reason for signing on behalf of the member/patient, Other Reasons	Reason for signing on behalf of the member/patient, Other Reasons	

Certification of Consumption of Health Care Institution - Certifying Officer

56	Last Name	Legal last name of the certifying officer.	DOH Hospital Health Information Management Manual
57	First Name	Legal first name of the certifying officer.	
58	Middle Name	Legal middle name of the certifying officer.	
59	Suffix/Extension Name	Additional term following the certifying officer's name. Examples are Jr., Sr., III, and others	
60	Official Capacity/Designation	Official capacity/designation	
61	Date Signed	Date the consent was signed	
62	Outcome of Treatment	Outcome of Treatment Code: Improved, HAMA, Expired,	

Certification of Healthcare Professional

63	Last Name	Legal last name of the certified healthcare professional.	DOH Hospital Health Information Management Manual
64	First Name	Legal first name of the certified healthcare professional.	
65	Middle Name	Legal middle name of the certified healthcare professional.	
66	Suffix/Extension Name	Additional term following the owner's	

			name. Examples are Jr., Sr., III, and others
67	Date Signed	Date certification was signed	

Case Investigator

68	Last Name	Legal last name of the case investigator.	1. DOH AO 2020-0013: Inclusion of COVID-19 in the List of Notifiable Diseases
69	First Name	Legal first name of the case investigator.	
70	Middle Name	Legal middle name of the case investigator.	2. Included in the COVID-19 Case Investigation Form
71	Suffix/Extension Name	Additional term following the Case investigator's name. Examples are Jr., Sr., III, and others	
72	Date of Interview	Date of interview	

Informant If Patient Not Available

73	Last Name	Last Name	1. DOH AO 2020-0013: Inclusion of COVID-19 in the List of Notifiable Diseases
74	First Name	First Name	
75	Middle Name	Middle Name	2. Included in the COVID-19 Case Investigation Form
76	Suffix/Extension Name	Additional term following the informant's name. Examples are Jr., Sr., III, and others	
77	Relationship of Informant to the Patient	Relationship Code: Spouse, Sibling, Child, Parent, Others	
78	Home Phone Number	Home Phone Number	

COVID-19

1	Disease Reporting Unit	Reporting Health Facility - The name of the facility (i.e. hospital, laboratory, health center, etc.) that is reporting the case as represented by the NHFR-code.	1. DOH AO 2020-0013: Inclusion of COVID-19 in the List of Notifiable Diseases
2	Date of Interview	Date when the interview with the case was conducted.	2. DOH DM 2020-0436: Minimum Data Requirements of COVID-19-Related Information Systems
3	Date of First Consult	Date of first consult. When the case first consulted a health professional.	3. Included in the COVID-19 Case Investigation Form
4	Date of Admission	Date of admission. When the case was admitted in a hospital or	

18

		isolation/quarantine facility. Indicate earliest date of admission if patient was admitted in multiple health facilities.
5	Disposition at Time of Report	Disposition at time of report
6	Health Status at Consult	Health status of the patient at the time of the interview as to asymptomatic/mild/moderate /severe/critical.
7	Date of Onset of Illness	The date when the signs (i.e. objective clinical finding as determined by a licensed physician) of illness first appeared and/or when the symptom/s (e.g. fever, cough, colds, sore throat, shortness of breath/difficulty breathing) were first felt.
8	Temperature - Fever	Temperature of the patient. Temperature in Centigrade
9	With Cough	If with cough, yes/no
10	With Sore Throat	If with sore throat, yes/no
11	With Colds	If with colds, yes/no
12	With Shortness/Difficulty of Breathing	If with shortness/difficulty of breathing, yes/no
13	Other Symptoms, please specify	If with other symptoms, please specify
14	With History of Other Illness	If with history of other illness, yes/no
15	History of Other Illness	If with other history of other illness
16	Test Done	Type of COVID-19 test done. RT-PCR (OPS), RT-PCR (NPS), RT-PCR (OPS and NPS), RT-PCR (specimen type), Antigen Test, Antibody Test Others, specify
17	Date Collected	The date when the specimen was collected for testing.
18	Results	Results of the COVID-19 test conducted.

		RT-PCR & Antigen Test: Pending, positive, negative, equivocal Antibody Test: IgM (+) and IgG (-), IgG (-) and IgM (+), IgG (+) and IgM (+), and IgG (-) and IgM (-) Other test, specify result	
19	Outcome	Outcome of the COVID-19 suspect/probable/confirmed case. Active; recovered, date of recovery (mm/dd/yyyy); died, date of death (mm/dd/yyyy), cause of death (immediate, antecedent, underlying)	
20	Pregnant	If pregnant, yes/no.	
21	Last Menstrual Period	Date of last menstrual period.	

22	Classification	The classification of the patient at the time of interview.
		
		Suspect COVID-19 case is a person who is presenting any of the conditions below:
		a. All SARI cases where NO other etiology fully explains the clinical presentation.
		b. ILI cases with any one of the following:
		   i. with no other etiology that fully explains the clinical presentation and history of travel to or residence in an area that reported local transmission of COVID-19 disease during the 14 days prior to symptom onset; OR
		   ii. with a contact to a confirmed or probable case of COVID-19 in the two days prior to onset of illness of the
			1. DOH AO 2020-0013: Inclusion of COVID-19 in the List of Notifiable Diseases
			2. DOH DM 2020-0245: Advisory: Endorsement of the DILG Memorandum "Updated Contact Tracing Report Template for the Coronavirus Disease 2019 (COVID-19) Situation" dated May 26, 2020
			3. DOH DM 2020-0436: Minimum Data Requirements of COVID-19-Related Information Systems
			4. Included in the COVID-19 Case Investigation Form

probable/confirmed COVID-19 case became negative on repeat testing.

c. Individuals with fever or cough or shortness of breath or other respiratory signs and symptoms fulfilling any one of the following conditions:

    i. Aged 60 years old and above

    ii. With a comorbidity

    iii. Assessed as having a high-risk pregnancy

    iv. health worker

Probable COVID-19 case is a suspect case who fulfills any of the following:

a. A suspect case whom testing for COVID-19 is inconclusive

b. suspect who tested positive for COVID-19 but whose test was not conducted in a national or subnational reference laboratory or officially accredited laboratory for COVID-19 confirmatory testing

Confirmed COVID-19 case is any individual, irrespective of presence or absence of clinical signs and symptoms, who was laboratory confirmed for COVID-19 in a test conducted at the national reference laboratory, a subnational reference laboratory, and/or DOH-certified laboratory testing facility.

Close contact is a person who may have come into contact with the probable or confirmed case two days prior to onset of

		illness of the confirmed COVID-19 case (use date of sample collection for asymptomatic cases as basis) until the time that said cases test negative on laboratory confirmation or other approved laboratory test through: (1) face to face contact with a probable or confirmed case within 1 meter and for more than 15 minutes; (2) direct physical contact with a probable or confirmed case; (3) direct care for a patient with probable or confirmed COVID-19 case without using PPE; or (4) other situations as indicated by local risk assessments. The classification of the patient at the time of interview.	
Case Investigation Details			
23	HealthCare Worker	If health care worker, yes or no Health care worker refers to medical, allied medical, and other necessary personnel regardless of the nature of employment assigned in hospitals, and health facilities who are directly catering to or exposed to persons who are classified as either suspect, probable or confirmed COVID-19 cases.	1. DOH AO 2020-0013: Inclusion of COVID-19 in the List of Notifiable Diseases 2. DOH DM 2020-0436: Minimum Data Requirements of COVID-19-Related Information Systems 3. Included in the COVID-19 Case Investigation Form
24	If yes, name and location of health facility	Name and location of health facility, if yes	
25	Returning Overseas Filipino Worker/ Foreign National Traveler	If Returning Overseas Filipino Worker/ Foreign National Traveler, yes or no. A Returning Overseas Filipino Worker is a Filipino citizen who is returning to the Philippines from abroad. There are two (2)	

		categories of RFOs:	
		1. Overseas Filipino Workers (OFWs) - are overseas Filipinos whose primary reason for being outside the country or for leaving the country is due to a contract of employment in a foreign nation or a vessel flying another nation's flag. 2. Non-Overseas Filipino Workers (Non-OFWs) - are overseas Filipinos whose primary reason for being outside the country is not due to a contract of employment in a foreign nation or a vessel flying another nation's flag.	
26	If yes, indicate country of origin	Country of origin, if yes.	
27	Foreign National Traveler	A Foreign National Traveler is a person who is not a naturalized citizen of the country in which they are living/traveling.	
28	If yes, indicate country of origin	Country of origin, if yes.	
29	Locally Stranded Individual	Locally Stranded Individual, if yes or no A Locally Stranded Individual is a foreign national or Filipino citizen (e.g. construction and domestic workers, tourists, students, among others) in a specific locality within the Philippines who have expressed intention to return to their place of residence/home origin. APOR – Authorized Persons Outside Residence.	
30	If yes, indicate city/municipality/province of origin	City/municipality/province of origin, if yes.	
31	Lives in closed settings	Lives in closed settings, if yes or no.	
		If the case currently resides in a closed setting such as jails, penitentiaries, and mental institutions.	
32	Specify closed setting if yes.	Specify closed setting if yes. Closed setting includes prisons, residential facilities, retirement communities, care homes, camps, etc.	

Contact Tracing

31	History of Exposure to known probable and/or confirmed COVID-19 case 14 days before the onset of signs and symptoms, or if asymptomatic, 14 days before swabbing or specimen collection.	If the patient has history of Exposure to known probable and/or confirmed COVID-19 case 14 days before the onset of signs and symptoms, or if asymptomatic, 14 days before swabbing or specimen collection, yes or no.	1. DOH AO 2020-0013: Inclusion of COVID-19 in the List of Notifiable Diseases 2. DOH DM 2020-0436: Minimum Data Requirements of COVID-19-Related Information Systems 3. Included in the COVID-19 Case Investigation Form
32	If yes, date of last contact.		
33	Exposure to place with known COVID-19 community transmission 14 days before the onset of signs and symptoms, or if asymptomatic, 14 days before swabbing or specimen collection	If the patient has history of exposure to place with known COVID-19 community transmission 14 days before the onset of signs and symptoms, or if asymptomatic, 14 days before swabbing or specimen collection, yes or no.	
34	If yes, date of visit.	If yes, date of visit.	
35	If yes, specify place and other details.	If yes, specify place, and provide details such as name of establishment, transport service, venue, location, etc.	

COMPOSITE MEASURES FOR ESSENTIAL LGU ROLES FOR COVID-19 RESPONSE

36	Functional Local Epidemiologic Surveillance Unit (LESU)	Presence of all six components of an organized ESU: 1. Direction: Executive Order/Ordinance on establishment of the ESU 2. ESU Staff composed of a Team Leader	DOH AO 2019-0027: Guidelines on the Implementation of the Local Government Unit Health Scorecard

		(an MD or an Allied Health Professional trained on Epidemiology), a Disease Surveillance Officer (a Public Health Nurse or an Allied Health Professional), a Registered Medical Technologist, and an Encoder 3. All ESU staff are trained on Basic Epidemiology, Disease Surveillance, and Event-based Surveillance 4. Plan and Budget: with budgetary allotment from the local budget 5. Coordination: Link with Provincial Hospital and other Health Facilities within the locality 6. Report: submission of Disease and Event Surveillance report	
37	Percentage of close contacts of new positive cases traced within 24 hours	Percentage of close contacts of new positive cases traced within 24 hours out of target 37 close contacts for every 1 confirmed, positive case. • *Numerator*: Number of close contacts of new positive cases interviewed either via phone or through other messaging applications, or by face-to—face interview, and the health status and disposition were determined within 24 hours • *Denominator*: Number of new positive cases x 37 close contacts • *Multiplier*: 100	1. DOH DM 2020-0189: Updated Guidelines on Contact Tracing of Close Contacts of Confirmed Coronavirus Disease (COVID-19) Cases 2. DILG MC 2020-073: Guidelines for the Conduct of the Expanded Testing Procedures for COVID-19
38	Adequate Case: Close Contact Ratio	Ratio of individuals who tested positive for COVID-19 to the number of close contacts identified.	DOH DM 2020-0245: Advisory: Endorsement of the DILG Memorandum "Updated Contact Tracing Report Template for the Coronavirus

		• Numerator: Number of cases who tested positive for COVID-19 through laboratory confirmation at the national reference laboratory, subnational reference laboratory, or a DOH-certified laboratory testing facility • Denominator: Number of identified individuals who may have come into contact with the confirmed case two days prior to onset of illness of the confirmed COVID-19 case	Disease 2019 (COVID-19) Situation" dated May 26, 2020
39	Contact Tracing Personnel to Population Ratio	Ratio of the Contact Tracing Personnel to the LGU population • Numerator: Number of Contact Tracers hired, designated, or detailed • Denominator: LGU Population (projection or actual 2015 census)	DOH AO 2020-0016: Minimum Health System Capacity Standards for COVID-19 Preparedness and Response Strategies
40	Percent of Contact Tracers trained	Percent of Contact Tracers trained by the Regional/ Provincial/ Municipal/ City Epidemiology and Surveillance Unit • Numerator: Number of Contact Tracers trained • Denominator: Total number of Contact Tracers • Multiplier: 100	IATF-EID Operation LISTO Protocol
41	Designation or organization of contact tracing team to be available 24/7	Presence of designated/organized contact tracing team available 24/7	IATF-EID Operation LISTO Protocol
42	Percentage of close contacts, probable cases, suspect cases, and asymptomatic or mild confirmed cases under Home Quarantine	Home isolated cases are those confined in their current residence with-in a well-ventilated room, preferably with toilet and bathroom and are not admitted in a hospital	1. DOH DM 2020-0189: Updated Guidelines on Contact Tracing of Close Contacts of Confirmed Coronavirus Disease (COVID-19) Cases

		or TTMF.	2. DILG MC 2020-073: Guidelines for the Conduct of the Expanded Testing Procedures for COVID-19

		b. Close Contacts
		   • Numerator: Number of close contacts under Home Quarantine
		   • Denominator: Total number of close contacts
		c. Probable Cases
		   • Numerator: Number of probable cases under Home Quarantine
		   • Denominator: Total number of probable cases
		d. Suspect Cases
		   • Numerator: Number of suspect cases under Home Quarantine
		   • Denominator: Total number of suspect cases
		e. Asymptomatic and Mild, Confirmed Cases
		   • Numerator: Number of asymptomatic and mild confirmed cases under Home Quarantine
		   • Denominator: Total number of asymptomatic and mild confirmed cases
		
		Multiplier: 100
			3. DOH DM 2020-0090: Interim Guidelines on the Management of Persons Under Monitoring (PUMs) suspected with Coronavirus Disease-2019 (COVID-19) for Home Quarantine
			4. DOH & DILG JAO 2020-0001: Guidelines on Local Isolation and General Treatment Areas for COVID-19 cases (LIGTAS COVID) and the Community-based Management of Mild COVID-19 Cases

43	Percentage of close contacts, probable cases, suspect cases, and asymptomatic or mild confirmed cases in TTMFs	Percentage of close contacts, asymptomatic and mild confirmed cases quarantined in TTMFs
		
		a. Close Contacts
		   • Numerator: Number of close contacts in TTMFs
		   • Denominator: Total number of close
			1. DOH DM 2020-0189: Updated Guidelines on Contact Tracing of Close Contacts of Confirmed Coronavirus Disease (COVID-19) Cases
			2. DILG MC 2020-073: Guidelines for the Conduct of the Expanded Testing Procedures for COVID-19
			3. DOH DM 2020-0090: Interim Guidelines

		contacts
		b. Probable Cases
		  • Numerator: Number of probable cases in TTMF
		  • Denominator: Total number of probable cases
		c. Suspect Cases
		  • Numerator: Number of suspect cases in TTMFs
		  • Denominator: Total number of suspect cases
		d. Asymptomatic and Mild, Confirmed Cases
		  • Numerator: Number of asymptomatic and mild confirmed cases in TTMFs
		  • Denominator: Total number of asymptomatic and mild confirmed cases
		
		Multiplier: 100
			on the Management of Persons Under Monitoring (PUMs) suspected with Coronavirus Disease-2019 (COVID-19) for Home Quarantine
			4. DOH & DILG JAO 2020-0001: Guidelines on Local Isolation and General Treatment Areas for COVID-19 cases (LIGTAS COVID) and the Community-based Management of Mild COVID-19 Cases

44	Percentage of mild with co-morbidities, moderate, severe, and critical confirmed cases in Hospitals	Percentage of mild with co-morbidities, moderate, severe, and critical confirmed cases in the LGU that are admitted in Infirmary, Level 1, Level 2, Level 3 Hospitals, and designated COVID-19 referral Hospitals.
		
		a. Mild Cases with Co-morbidities
		  • Numerator: Number of mild COVID-19 confirmed cases with co-morbidities confined in hospitals
		  • Denominator: Total number of mild COVID-19 confirmed cases with co-morbidities in the LGU
			DOH DM 2020-0178: Interim Guidelines on Health Care Provider Networks during the COVID-19 Pandemic

		b. Moderate Cases
		  • Numerator: Number of moderate COVID-19 confirmed cases confined in hospitals
		  • Denominator: Total number of moderate COVID-19 confirmed cases in the LGU
		c. Severe Cases
		  • Numerator: Number of severe COVID-19 confirmed cases confined in hospitals
		  • Denominator: Total number of severe COVID-19 confirmed cases in the LGU
		d. Critical Cases
		  • Numerator: Number of critical COVID-19 confirmed cases confined in hospitals
		  • Denominator: Total number of critical COVID-19 confirmed cases in the LGU
		
		Multiplier: 100	

45	TTMF beds to population ratio	Ratio of LGU TTMF beds to LGU population • Numerator: Number of LGU TTMF beds • Denominator: LGU population	DOH AO 2020-0016: Minimum Health System Capacity Standards for COVID-19 Preparedness and Response Strategies
46	TTMF occupancy rate	Percentage of TTMF cohorted beds and isolation beds that are currently occupied by a suspect, probable or confirmed COVID-19 case • Numerator: Number of occupied LGU TTMF beds • Denominator: Total number LGU TTMF	IATF-EID Operation LISTO Protocol

		beds • Multiplier: 100	
PhilHealth Package			
1	Benefit Package Type	Case Rate, Z-Benefit, MCP Package, Maternal Care, TB DOTS Package, Newborn Package, Outpatient HIV/AIDS Treatment Package	PhilHealth eClaims Forms.
2	Benefit Package Code	Benefit Package Code depending on benefit package type	
3	First Case Rate	For Case Rate, first case rate	
4	Second Case Rate	For Case Rate, second case rate	
5	Date of Initial Transmission	Date data was transmitted to National Health Data Center	
6	Time of Initial Transmission	Time data was transmitted to National Health Data Center	
7	Date of Last Update	Date data was last updated	
8	Time of Last Update	Time data was last updated	
Overseas Employment			
1	Encounter Code	Setting and condition in which the encounter takes place. It collectively constitutes health care provider code, PhilHealth identification number of the patient, date and time of encounter, as represented by a code.	PhilHealth Circular 2020-0002: Governing Policies of the Konsultasyong Sulit at Tama (PhilHealth Konsulta) Package: Expansion of the Primary Care Benefit to Cover All Filipinos
2	Health Facility Code	DOH-issued unique health facility code as generated from the National Health Facility Registry (NHFR).	DOH AO 2020- 2019-0060: Guidelines on the Implementation of the National Health Facility Registry
3	PhilHealth Identification Number	A unique and permanent number issued to any client upon enrolment/membership registration to the National Health Insurance Program of the Corporation for purposes of identification, eligibility verification, and utilization recording.	1. DOH Administrative Order 2013-0025: National Implementation of Health Data Standards for eHealth Standardization and Interoperability (eHSI Release 001). 2. Captured in PhilHealth Membership Registration and Claims Forms.
4	Name of Employer	Name of the patient's employer	PhilHealth eClaims Forms.

5	Occupation	Patient's occupation	
6	Place of Work	Address of the patient's occupation	

Address			
7	Unit/Room #/Floor	Unit/Room #/Floor indicated in the mailing/current address.	1. DOH Hospital Health Information Management Manual
8	Building Name	Building Name indicated in the mailing/current address.	2. PSGC- PSA
9	Lot/Block/Phase/House #	Lot/Block/Phase/House # indicated in the mailing/current address.	
10	Street Name	Street name indicated in the mailing/current address.	
11	Subdivision	Subdivision indicated in the mailing/current address.	
12	Barangay	Barangay indicated in the mailing/current address, as represented by a code.	
13	Municipality/City	Municipality/city indicated in the mailing/current address, as represented by a code.	
14	Province	Province indicated in the mailing/current address, as represented by a code.	
15	Region	Region indicated in the mailing/current address, as represented by a code.	
16	State	State indicated in the mailing/current address, as represented by a code.	
17	Country	Country indicated in the mailing/current address, as represented by a code.	
18	Zip Code	Zip Code indicated in the mailing/current address, as represented by a code.	

Contact Numbers			
19	Home Phone Number	Landline telephone number at which the employer can be contacted	PhilHealth eClaims Forms.
20	Mobile Phone Number	Mobile number at which the patient can be contacted	

21	Date of Initial Transmission	Date data was transmitted to National Health Data Center	
22	Time of Initial Transmission	Time data was transmitted to National Health Data Center	
23	Date of Last Update	Date data was last updated	
24	Time of Last Update	Time data was last updated	

ALERT

1	Encounter Code	Setting and condition in which the encounter takes place. It collectively constitutes health care provider code, PhilHealth identification number of the patient, date and time of encounter, as represented by a code.	PhilHealth Circular 2020-0002: Governing Policies of the Konsultasyong Sulit at Tama (PhilHealth Konsulta) Package: Expansion of the Primary Care Benefit to Cover All Filipinos
2	Health Facility Code	DOH-issued unique health facility code as generated from the National Health Facility Registry (NHFR).	DOH AO 2020- 2019-0060: Guidelines on the Implementation of the National Health Facility Registry
3	PhilHealth Identification Number	A unique and permanent number issued to any client upon enrolment/membership registration to the National Health Insurance Program of the Corporation for purposes of identification, eligibility verification, and utilization recording.	1. DOH Administrative Order 2013-0025: National Implementation of Health Data Standards for eHealth Standardization and Interoperability (eHSI Release 001). 2. Captured in PhilHealth Membership Registration and Claims Forms.

DETECTED ISSUE			
1	Encounter Code	Setting and condition in which the encounter takes place. It collectively constitutes health care provider code, PhilHealth identification number of the patient, date and time of encounter, as represented by a code.	PhilHealth Circular 2020-0002: Governing Policies of the Konsultasyong Sulit at Tama (PhilHealth Konsulta) Package: Expansion of the Primary Care Benefit to Cover All Filipinos
2	Health Facility Code	DOH-issued unique health facility code as generated from the National Health Facility Registry (NHFR).	DOH AO 2020- 2019-0060: Guidelines on the Implementation of the National Health Facility Registry
3	PhilHealth Identification Number	A unique and permanent number issued to any client upon enrolment/membership registration to the National Health Insurance Program of the Corporation for purposes of identification, eligibility verification, and utilization recording.	1. DOH Administrative Order 2013-0025: National Implementation of Health Data Standards for eHealth Standardization and Interoperability (eHSI Release 001). 2. Captured in PhilHealth Membership Registration and Claims Forms.
4	Detected Issue Category	Detected issue in terms of food, therapeutic product, drug interaction alert, national health product alert as represented by a code.	Captured in PhilHealth Membership Registration and Claims Forms.
5	Category	Category of detected issue as to food, medication, environment, biological in nature as represented by a code.	
6	Category Others	Description if Category is Others	
7	Date of Initial Transmission	Date data was transmitted to National Health Data Center	
8	Time of Initial Transmission	Time data was transmitted to National Health Data Center	

9	Date of Last Update	Date data was last updated	
10	Time of Last Update	Time data was last updated	

TREATMENT

1	Encounter Code	Setting and condition in which the encounter takes place. It collectively constitutes health care provider code, PhilHealth identification number of the patient, date and time of encounter, as represented by a code.	PhilHealth Circular 2020-0002: Governing Policies of the Konsultasyong Sulit at Tama (PhilHealth Konsulta) Package: Expansion of the Primary Care Benefit to Cover All Filipinos
2	Health Facility Code	DOH-issued unique health facility code as generated from the National Health Facility Registry (NHFR).	DOH AO 2020- 2019-0060: Guidelines on the Implementation of the National Health Facility Registry
3	PhilHealth Identification Number	A unique and permanent number issued to any client upon enrolment/membership registration to the National Health Insurance Program of the Corporation for purposes of identification, eligibility verification, and utilization recording.	1. DOH Administrative Order 2013-0025: National Implementation of Health Data Standards for eHealth Standardization and Interoperability (eHSI Release 001). 2. Captured in PhilHealth Membership Registration and Claims Forms.
4	Date of Treatment	Date of the patient's treatment	DOH Hospital Health Information Management Manual
5	Time of Treatment	Time of the patient's treatment	
6	Treatment	The treatment received by the patient	
7	Date of Initial Transmission	Date data was transmitted to National Health Data Center	
8	Time of Initial Transmission	Time data was transmitted to National Health Data Center	
9	Date of Last Update	Date data was last updated	
10	Time of Last Update	Time data was last updated	

COMPLICATIONS

1	Encounter Code	Setting and condition in which the encounter takes place. It collectively constitutes health care provider code, PhilHealth identification number of the patient, date and time of encounter, as represented by a code.	PhilHealth Circular 2020-0002: Governing Policies of the Konsultasyong Sulit at Tama (PhilHealth Konsulta) Package: Expansion of the Primary Care Benefit to Cover All Filipinos

2	Health Facility Code	DOH-issued unique health facility code as generated from the National Health Facility Registry (NHFR).	DOH AO 2020- 2019-0060: Guidelines on the Implementation of the National Health Facility Registry
3	PhilHealth Identification Number	A unique and permanent number issued to any client upon enrolment/membership registration to the National Health Insurance Program of the Corporation for purposes of identification, eligibility verification, and utilization recording.	1. DOH Administrative Order 2013-0025: National Implementation of Health Data Standards for eHealth Standardization and Interoperability (eHSI Release 001). 2. Captured in PhilHealth Membership Registration and Claims Forms.
4	Date of Complication	Date the patient experienced complication	DOH Hospital Health Information Management Manual
5	Time of Complication	Time of the patient experienced complication	
6	Complication	Complication experienced by the patient	
7	Date of Initial Transmission	Date data was transmitted to National Health Data Center	
8	Time of Initial Transmission	Time data was transmitted to National Health Data Center	
9	Date of Last Update	Date data was last updated	
10	Time of Last Update	Time data was last updated	
DIAGNOSIS			
1	Encounter Code	Setting and condition in which the encounter takes place. It collectively constitutes health care provider code, PhilHealth identification number of the patient, date and time of encounter, as represented by a code.	PhilHealth Circular 2020-0002: Governing Policies of the Konsultasyong Sulit at Tama (PhilHealth Konsulta) Package: Expansion of the Primary Care Benefit to Cover All Filipinos
2	Health Facility Code	DOH-issued unique health facility code as generated from the National Health Facility Registry (NHFR).	DOH AO 2020- 2019-0060: Guidelines on the Implementation of the National Health Facility Registry
3	PhilHealth Identification Number	A unique and permanent number issued to any client upon enrolment/membership registration to the National Health Insurance Program of the Corporation for purposes of	1. DOH Administrative Order 2013-0025: National Implementation of Health Data Standards for eHealth Standardization and Interoperability (eHSI Release 001).

		identification, eligibility verification, and utilization recording.	2. Captured in PhilHealth Membership Registration and Claims Forms.
4	Date Diagnosed	The date when the patient was diagnosed	DOH Hospital Health Information Management Manual
5	Time Diagnosed	Time the patient was diagnosed	
6	Diagnosis Type	Type of diagnosis as represented by a code.	
7	Diagnosis Code	Diagnosis as represented by a code.	
8	Diagnosis Description	Diagnosis description	
9	Diagnosis Remarks	Diagnosis remarks	
10	Date of Initial Transmission	Date data was transmitted to National Health Data Center	
11	Time of Initial Transmission	Time data was transmitted to National Health Data Center	
12	Date of Last Update	Date data was last updated	
13	Time of Last Update	Time data was last updated	
MATERNAL CARE			
1	Encounter Code	Setting and condition in which the encounter takes place. It collectively constitutes health care provider code, PhilHealth identification number of the patient, date and time of encounter, as represented by a code.	PhilHealth Circular 2020-0002: Governing Policies of the Konsultasyong Sulit at Tama (PhilHealth Konsulta) Package: Expansion of the Primary Care Benefit to Cover All Filipinos
2	Health Facility Code	DOH-issued unique health facility code as generated from the National Health Facility Registry (NHFR).	DOH AO 2020- 2019-0060: Guidelines on the Implementation of the National Health Facility Registry
3	PhilHealth Identification Number	A unique and permanent number issued to any client upon enrolment/membership registration to the National Health Insurance Program of the Corporation for purposes of identification, eligibility verification, and utilization recording.	1. DOH Administrative Order 2013-0025: National Implementation of Health Data Standards for eHealth Standardization and Interoperability (eHSI Release 001). 2. Captured in PhilHealth Membership Registration and Claims Forms.
4	Date of Prenatal Checkup	The date of the patient's prenatal checkup	DOH Hospital Health Information Management Manual
5	Time of Prenatal Checkup	The time of the patient's prenatal checkup	
6	Date of Initial Transmission	Date data was transmitted to National Health Data Center	

7	Time of Initial Transmission	Time data was transmitted to National Health Data Center	
8	Date of Last Update	Date data was last updated

PROCEDURE/EXAMINATION: PURIFIED PROTEIN DERIVATIVE (PPD)

1	Encounter Code	Setting and condition in which the encounter takes place. It collectively constitutes health care provider code, PhilHealth identification number of the patient, date and time of encounter, as represented by a code.	PhilHealth Circular 2020-0002: Governing Policies of the Konsultasyong Sulit at Tama (PhilHealth Konsulta) Package: Expansion of the Primary Care Benefit to Cover All Filipinos
2	Health Facility Code	DOH-issued unique health facility code as generated from the National Health Facility Registry (NHFR).	DOH AO 2020- 2019-0060: Guidelines on the Implementation of the National Health Facility Registry
3	PhilHealth Identification Number	A unique and permanent number issued to any client upon enrolment/membership registration to the National Health Insurance Program of the Corporation for purposes of identification, eligibility verification, and utilization recording.	1. DOH Administrative Order 2013-0025: National Implementation of Health Data Standards for eHealth Standardization and Interoperability (eHSI Release 001). 2. Captured in PhilHealth Membership Registration and Claims Forms.
4	Procedure Code	Procedure code # of the specimen	1. DOH Hospital Health Information Management Manual
5	Result Reference #	Test result reference #	
6	Date of Result	Date the result was released	2. DOH AO 2015-0024: Implementing Guidelines on Integrated Tuberculosis Information System (ITIS)
7	Time of Result	Time the result was released	
8	Findings/Result in PPD Test	Findings/ Result in PPD Test	
9	Date the Record was Added	Date the Record was Added	3. DOH AO No. 2011-0010: Implementing Procedures and Guidelines in Reporting Field Health Services Data to The DOH Central Office.
10	Status of Laboratory/ Imaging Results	Status of Laboratory/Imaging Results	
11	Diagnostic Lab Fee	Diagnostic Lab Fee	DOH AO 2008-0002 Posting of Schedule of Fees for Laboratory and Other Health Facilities
12	Date of Initial Transmission	Date data was transmitted to National Health Data Center	1. DOH Hospital Health Information Management Manual
13	Time of Initial Transmission	Time data was transmitted to National Health Data Center	2. DOH AO 2015-0024: Implementing Guidelines on Integrated Tuberculosis Information System (ITIS)
14	Date of Last Update	Date data was last updated	
15	Time of Last Update	Time data was last updated	3. DOH AO No. 2011-0010: Implementing Procedures and Guidelines in Reporting

			Field Health Services Data to the DOH Central Office.
HEALTH CARE PROFESSIONAL			
1	Encounter Code	Setting and condition in which the encounter takes place. It collectively constitutes health care provider code, PhilHealth identification number of the patient, date and time of encounter, as represented by a code.	PhilHealth Circular 2020-0002: Governing Policies of the Konsultasyong Sulit at Tama (PhilHealth Konsulta) Package: Expansion of the Primary Care Benefit to Cover All Filipinos
2	Health Facility Code	DOH-issued unique health facility code as generated from the National Health Facility Registry (NHFR).	DOH AO 2020- 2019-0060: Guidelines on the Implementation of the National Health Facility Registry
3	PhilHealth Identification Number	A unique and permanent number issued to any client upon enrolment/membership registration to the National Health Insurance Program of the Corporation for purposes of identification, eligibility verification, and utilization recording.	1. DOH Administrative Order 2013-0025: National Implementation of Health Data Standards for eHealth Standardization and Interoperability (cHSI Release 001). 2. Captured in PhilHealth Membership Registration and Claims Forms.
4	PhilHealth Accreditation #	PhilHealth-issued accreditation number to the healthcare professional.	1. DOH Hospital Health Information Management Manual 2. PhilHealth eClaims Forms.
Healthcare Professional Name			
5	Last Name	Legal last name of the healthcare professional	1. DOH Hospital Health Information Management Manual 2. PhilHealth eClaims Forms.
6	First Name	Legal first name of the healthcare professional	
7	Middle Name	Legal middle name of the healthcare professional	
8	Suffix/Extension Name	Additional term following the Health care professional's name. Examples are Jr., Sr., III, and others	
9	Healthcare Professional Category	Category of healthcare professional as represented by a code.	

10	Date Signed	Date the healthcare professional signed the Claim Form2	
11	Co-pay on top of PhilHealth benefits	Yes/No	
12	Co-pay Amount	Amount, if with co-pay on top of PhilHealth benefits	
13	Date of Initial Transmission	Date data was transmitted to National Health Data Center	
14	Time of Initial Transmission	Time data was transmitted to National Health Data Center	
15	Date of Last Update	Date data was last updated

DISEASE REGISTRY - HYPERTENSION

1	Encounter Code	Setting and condition in which the encounter takes place. It collectively constitutes health care provider code,	PhilHealth Circular 2020-0002: Governing Policies of the Konsultasyong Sulit at Tama (PhilHealth Konsulta) Package: Expansion of

		PhilHealth identification number of the patient, date and time of encounter, as represented by a code.	the Primary Care Benefit to Cover All Filipinos
2	Health Facility Code	DOH-issued unique health facility code as generated from the National Health Facility Registry (NHFR).	DOH AO 2020- 2019-0060: Guidelines on the Implementation of the National Health Facility Registry
3	PhilHealth Identification Number	A unique and permanent number issued to any client upon enrolment/membership registration to the National Health Insurance Program of the Corporation for purposes of identification, eligibility verification, and utilization recording.	1. DOH Administrative Order 2013-0025: National Implementation of Health Data Standards for eHealth Standardization and Interoperability (eHSI Release 001). 2. Captured in PhilHealth Membership Registration and Claims Forms.
4	Type of Hypertension	Type of Hypertension Code	1. DOH Hospital Health Information Management Manual 2. DOH AO 2013-0005: National Policy on the Unified Registry Systems of the Department of Health (Chronic Non-Communicable Diseases, Injury Related Cases, Persons with Disabilities, and Violence Against Women and Children Registry System)
5	Date of Initial Transmission	Date data was transmitted to National Health Data Center	
6	Time of Initial Transmission	Time data was transmitted to National Health Data Center	
7	Date of Last Update	Date data was last updated	
8	Time of Last Update	Time data was last updated	
DISEASE REGISTRY - STROKE			
1	Encounter Code	Setting and condition in which the encounter takes place. It collectively constitutes health care provider code, PhilHealth identification number of the patient, date and time of encounter, as represented by a code.	PhilHealth Circular 2020-0002: Governing Policies of the Konsultasyong Sulit at Tama (PhilHealth Konsulta) Package: Expansion of the Primary Care Benefit to Cover All Filipinos
2	Health Facility Code	DOH-issued unique health facility code as generated from the National Health Facility Registry (NHFR).	DOH AO 2020- 2019-0060: Guidelines on the Implementation of the National Health Facility Registry
3	PhilHealth Identification Number	A unique and permanent number issued to any client upon enrolment/membership registration to the National Health Insurance	1. DOH Administrative Order 2013-0025: National Implementation of Health Data Standards for eHealth Standardization

		Program of the Corporation for purposes of identification, eligibility verification, and utilization recording.	and Interoperability (eHSI Release 001). 2. Captured in PhilHealth Membership Registration and Claims Forms.
4	Type of Stroke	Type of Stroke Code	1. DOH Hospital Health Information Management Manual 2. DOH AO 2013-0005: National Policy on the Unified Registry Systems of the Department of Health (Chronic Non-Communicable Diseases, Injury Related Cases, Persons with Disabilities. and Violence Against Women and Children Registry System)
5	Date of Initial Transmission	Date data was transmitted to National Health Data Center	
6	Time of Initial Transmission	Time data was transmitted to National Health Data Center	
7	Date of Last Update	Date data was last updated	
8	Time of Last Update	Time data was last updated	

DISEASE REGISTRY - DIABETES MELLITUS

1	Encounter Code	Setting and condition in which the encounter takes place. It collectively constitutes health care provider code, PhilHealth identification number of the patient, date and time of encounter, as represented by a code.	PhilHealth Circular 2020-0002: Governing Policies of the Konsultasyong Sulit at Tama (PhilHealth Konsulta) Package: Expansion of the Primary Care Benefit to Cover All Filipinos
2	Health Facility Code	DOH-issued unique health facility code as generated from the National Health Facility Registry (NHFR).	DOH AO 2020- 2019-0060: Guidelines on the Implementation of the National Health Facility Registry
3	PhilHealth Identification Number	A unique and permanent number issued to any client upon enrolment/membership registration to the National Health Insurance Program of the Corporation for purposes of identification, eligibility verification, and utilization recording.	1. DOH Administrative Order 2013-0025: National Implementation of Health Data Standards for eHealth Standardization and Interoperability (eHSI Release 001). 2. Captured in PhilHealth Membership Registration and Claims Forms.
4	Newly or Previously Diagnosed Diabetes	Indicator if patient is newly diagnosed or not	1. DOH Hospital Health Information Management Manual 2. DOH AO 2013-0005: National Policy on the Unified Registry Systems of the Department of Health (Chronic Non-
5	Type of Diabetes	Type of Diabetes as represented by a code.	
6	Date of Initial Transmission	Date data was transmitted to National Health Data Center	

7	Time of Initial Transmission	Time data was transmitted to National Health Data Center	Communicable Diseases, Injury Related Cases, Persons with Disabilities. and Violence Against Women and Children Registry System)
8	Date of Last Update	Date data was last updated	
9	Time of Last Update	Time data was last updated	

DISEASE REGISTRY - CHRONIC OBSTRUCTIVE PULMONARY DISEASE

1	Encounter Code	Setting and condition in which the encounter takes place. It collectively constitutes health care provider code, PhilHealth identification number of the patient, date and time of encounter, as represented by a code.	PhilHealth Circular 2020-0002: Governing Policies of the Konsultasyong Sulit at Tama (PhilHealth Konsulta) Package: Expansion of the Primary Care Benefit to Cover All Filipinos
2	Health Facility Code	DOH-issued unique health facility code as generated from the National Health Facility Registry (NHFR).	DOH AO 2020- 2019-0060: Guidelines on the Implementation of the National Health Facility Registry
3	PhilHealth Identification Number	A unique and permanent number issued to any client upon enrolment/membership registration to the National Health Insurance Program of the Corporation for purposes of identification, eligibility verification, and utilization recording.	1.DOH Administrative Order 2013-0025: National Implementation of Health Data Standards for eHealth Standardization and Interoperability (eHSI Release 001). 2.Captured in PhilHealth Membership Registration and Claims Forms.
4	GOLD Classification	GOLD Classification Code	1. DOH Hospital Health Information Management Manual
5	COPD Group	COPD Group Code	
6	History		2. DOH AO 2013-0005: National Policy on the Unified Registry Systems of the Department of Health (Chronic Non-Communicable Diseases, Injury Related Cases, Persons with Disabilities. and Violence Against Women and Children Registry System)
7	Smoking	Is the patient a smoker?	RA 9211: Tobacco Regulation Act of 2003 DOH Administrative Order No. 122 s. 2003: A Smoking Cessation Program to support the National Tobacco Control & Healthy Lifestyle Program

			DOH AO 2013-0005: National Policy on the Unified Registry Systems of the Department of Health (Chronic Non-Communicable Diseases, Injury Related Cases, Persons with Disabilities. and Violence Against Women and Children Registry System)
8	Prolonged Exposure to occupational dust/noxious agent, former construction/factory workers, traffic enforcers	Does the patient have prolonged exposure to occupational dust/noxious agent, former construction/factory	DOH AO 2013-0005: National Policy on the Unified Registry Systems of the Department of Health (Chronic Non-Communicable Diseases, Injury Related Cases, Persons with Disabilities. and Violence Against Women and Children Registry System)
9	Prolonged exposure to biomass fuel for cooking	Does the patient have a prolonged exposure to biomass fuel for cooking?	
10	Pulmonary Tuberculosis	Does the patient have Pulmonary Tuberculosis?	1. DOH Hospital Health Information Management Manual 2. DOH AO 2015-0024: Implementing Guidelines on Integrated Tuberculosis Information System (ITIS) 3. DOH AO No. 2011-0010: Implementing Procedures and Guidelines in Reporting Field Health Services Data to The DOH Central Office."
11	Basis for the final diagnosis of Asthma	Basis for the final diagnosis of Asthma	DOH AO 2013-0005: National Policy on the Unified Registry Systems of the Department of Health (Chronic Non-Communicable Diseases, Injury Related Cases, Persons with Disabilities. and Violence Against Women and Children Registry System)
12	Date of Initial Transmission	Date data was transmitted to National Health Data Center	
13	Time of Initial Transmission	Time data was transmitted to National Health Data Center	
14	Date of Last Update	Date data was last updated	
15	Time of Last Update	Time data was last updated	
HbA1c			
1	Encounter Code	Setting and condition in which the encounter takes place. It collectively constitutes health care provider code, PhilHealth identification number of the patient, date and time of encounter, as	PhilHealth Circular 2020-0002: Governing Policies of the Konsultasyong Sulit at Tama (PhilHealth Konsulta) Package: Expansion of the Primary Care Benefit to Cover All Filipinos

		represented by a code.	
2	Health Facility Code	DOH-issued unique health facility code as generated from the National Health Facility Registry (NHFR).	DOH AO 2020- 2019-0060: Guidelines on the Implementation of the National Health Facility Registry
3	PhilHealth Identification Number	A unique and permanent number issued to any client upon enrolment/membership registration to the National Health Insurance Program of the Corporation for purposes of identification, eligibility verification, and utilization recording.	1. DOH Administrative Order 2013-0025: National Implementation of Health Data Standards for eHealth Standardization and Interoperability (eHSI Release 001). 2. Captured in PhilHealth Membership Registration and Claims Forms.
4	Date of Result	Date the result was released	1. DOH AO 2012-0021: National Health Laboratory Network 2. DOH HFDB Manual of Standards on Quality Management System in the Clinical Laboratory
5	Time of Result	Time the result was released	
6	Result Reference #	Test result reference #	
7	Findings/ Result in HbA1c	Result of HbA1c laboratory test	
8	Date the Record was Added	Date the record was added	
9	Status of Laboratory/Imaging Results	Status of laboratory/imaging results	
10	Diagnostic Lab Fee	Diagnostic Laboratory fee	DOH AO 2008-0002 Posting of Schedule of Fees for Laboratory and Other Health Facilities
11	Date of Initial Transmission	Date data was transmitted to National Health Data Center	1. DOH AO 2012-0021: National Health Laboratory Network 2. DOH HFDB Manual of Standards on Quality Management System in the Clinical Laboratory
12	Time of Initial Transmission	Time data was transmitted to National Health Data Center	
13	Date of Last Update	Date data was last updated	
14	Time of Last Update	Time data was last updated	
Other Diagnostic Exam			
1	Encounter Code	Setting and condition in which the encounter takes place. It collectively constitutes health care provider code, PhilHealth identification number of the patient, date and time of encounter, as represented by a code.	PhilHealth Circular 2020-0002: Governing Policies of the Konsultasyong Sulit at Tama (PhilHealth Konsulta) Package: Expansion of the Primary Care Benefit to Cover All Filipinos

2	Health Facility Code	DOH-issued unique health facility code as generated from the National Health Facility Registry (NHFR).	DOH AO 2020- 2019-0060: Guidelines on the Implementation of the National Health Facility Registry
3	PhilHealth Identification Number	A unique and permanent number issued to any client upon enrolment/membership registration to the National Health Insurance Program of the Corporation for purposes of identification, eligibility verification, and utilization recording.	1. DOH Administrative Order 2013-0025: National Implementation of Health Data Standards for eHealth Standardization and Interoperability (eHSI Release 001). 2. Captured in PhilHealth Membership Registration and Claims Forms.
4	Date of Result	Date the result was released	1. DOH AO 2012-0021: National Health Laboratory Network 2. DOH HFDB Manual of Standards on Quality Management System in the Clinical Laboratory
5	Time of Result	Time the result was released	
6	Result Reference #	Test result reference #	
7	Description of Other Diagnostic Exam not included in Essential Services	Description of Other Diagnostic Exam not included in Essential Services	
8	Findings/ Result in Other Diagnostic Exam	Result in other diagnostic examinations	
9	Date the Record was Added	Date the record was added	
10	Status of Laboratory/ Imaging Results	Status of Laboratory/Imaging Results	
11	Diagnostic Lab Fee	Diagnostic Lab Fee	
12	Date of Initial Transmission	Date data was transmitted to National Health Data Center	
13	Time of Initial Transmission	Time data was transmitted to National Health Data Center	
14	Date of Last Update	Date data was last updated

HOSPITAL STATISTICS

1	Name of Hospital	Identification of the hospital	1. DOH Hospital Health Information Management Manual 2. DOH A.O. No. 2012-0012, Annex E: Annual Hospital Statistical Report
2	Address: Street Address	Actual street/subdivision name and number in the barangay where the health facility is situated.	

3	Address: City/Municipality	City or municipality where the facility is located.	3. DOH DM No. 2014-0015, specifically on New Hospital Statistical Report Form
4	District/ Province	District / Province where the health facility is located.	
5	Region	Administrative region where the health facility is located.	
6	Contact Number	Landline telephone or Cellphone number at which the health facility can be contacted.	
7	Email Address	Email address of the hospital, if any.	
8	Service Capability	Capability of a hospital/other health facility to render administrative, clinical, ancillary and other services	
9	Nature of Ownership	Refers to the legal right of an individual, group, corporation or government to the possession	
10	Quality Management / Quality Assurance Program	Organized set of activities designed to demonstrate on-going assessment of important aspects of patient care and services	
11	Authorized Bed Capacity	Approved number of beds issued by Health Facilities and Services Regulatory Bureau, the licensing offices of DOH	
12	Implementing Beds	Actual beds used (based on hospital management decision)	
13	Bed Occupancy Rate (BOR)	The percentage of inpatient beds occupied over a given period of time. (given period of time is January 1 to December 31 each year for the annual statistics) Total Inpatient service days for the period (Total number of Authorized beds) x Total days in the period (365 or 366 for a leap year)	

		Multiply quotient to 100%
14	Total number of inpatients	Total number of patients who stays in a health facility licensed to admit patients, while under treatment (given period of time is January 1 to December 31st of the reporting year)
15	Total Newborn (In facility deliveries)	Total newborns that was delivered in the hospital (given period of time is January 1 to December 31st of the reporting year)
16	Total Discharges (Alive)	Total number of in-patients that was admitted to the hospital and was alive when discharged (given period of time is January 1 to December 31st of the reporting year)
17	Total patients admitted and discharged on the same day	Total patients admitted and discharged on the same day (given period of time is January 1 to December 31st of the reporting year)
18	Total number of inpatient bed days (service days)	Unit of measure denoting the services received by one in-patient in one 24-hour period (given period of time is January 1 to December 31st of the reporting year)
19	Total number of inpatients transferred to this facility from another facility for inpatient care	Total number of inpatients transferred to the health facility from another facility for inpatient care (given period of time is January 1 to December 31st of the reporting year)

84

20	Total number of inpatients transferred from this facility to another facility for inpatient care	Total number of inpatients transferred from this facility to another facility for inpatient care (given period of time is January 1 to December 31st of the reporting year)
21	Total number of patients remaining in the hospital as of midnight last day of previous year	Total number of patients remaining in the hospital as of midnight last day (December 31st) of previous year to the following year (January 1)
22	Type of Service	Type of service as represented by a code.
23	No. of Patients	The measure the number of in-patients in the services of the hospital (given period of time is January 1 to December 31st of the reporting year)
24	Type of Accommodation	Type of Accommodation used by the in-patients during admission (given period of time is January 1 to December 31st of the reporting year)
25	Condition on Discharge	The condition of the patient upon discharge (given period of time is January 1 to December 31st of the reporting year)
26	Deaths	Total No. of patients who died in the health facility as of midnight last day (December 31st) of previous year to the following year (January 1)
27	Average Length of Stay	Average number of days each inpatient stays in the hospital for each episode of care (given period of time is January 1 to December 31st of the reporting year)
28		Total length of stay of discharged patients (including deaths in the period)

		Total discharges and deaths for the same period
29	Ten Leading Causes of Morbidity	The Top Ten Leading Causes of Morbidity as of midnight last day (December 31st) of previous year to the following year (January 1)
30	Ten Leading Causes of Morbidity/Diseases Disaggregated as to Age and Sex	Top 10 leading causes of Morbidity/ Diseases with detailed sub-categories for Age and Sex.
31	Total Number of Deliveries	Total number of all types of deliveries. Total number of live-birth vaginal deliveries (normal) + Total number of live-birth cesarean section deliveries + Total number of other deliveries (given period of time is January 1 to December 31st of the reporting year)
32	Number of Outpatient Visits, new patient	Refers to the total number of outpatient first visits that was attended and who received health care services in the health care facility for a period of time. (given period of time is January 1 to December 31st of the reporting year)
33	Number of outpatient visits, re-visit	Refers to the total number of outpatient second and subsequent visits that was attended and who received health care services in the health care facility for a period of time. (given period of time is January 1 to December 31st of the reporting year)
34	Number of outpatient visits, adult	Total number of adult outpatient visits (Age 19 years old and above)

		(given period of time is January 1 to December 31st of the reporting year)
35	Number of outpatient visits, pediatric	Total number of pediatric outpatient visits (Age 0 to 18 years old; before 19th birthday) (given period of time is January 1 to December 31st of the reporting year)
36	Number of adult general medicine outpatient visits	Total number of adult general medicine outpatient visits (given period of time is January 1 to December 31st of the reporting year)
37	Number of specialty (non-surgical) outpatient visits	Total number of specialty/ non-surgical outpatient visits. (given period of time is January 1 to December 31st of the reporting year)
38	Number of surgical outpatient visits	Total number of surgical outpatients visits. (given period of time is January 1 to December 31st of the reporting year)
39	Number of antenatal care visits	Total number of antenatal care visits (given period of time is January 1 to December 31st of the reporting year)
40	Number of postnatal care visits	Total number of postnatal care visits. (given period of time is January 1 to December 31st of the reporting year)
41	Ten Leading OPD Consultation	Ten leading causes of OPD consultation. (given period of time is January 1 to December 31st of the reporting year)
42	Ten Leading Causes of ER Consultations	Top 10 leading causes of ER Consultations (given period of time is January 1 to December 31st of the reporting year)

43	Total number of medical imaging tests	The total number of available medical imaging tests done in the hospital (all types including x-rays, ultrasound, CT scan) (given period of time is January 1 to December 31st of the reporting year)	
44	Total number of laboratory and diagnostic tests (all types, excluding medical imaging)	The total number of available laboratory tests done in the hospital (given period of time is January 1 to December 31st of the reporting year)	
45	Number of blood units transfused	Total number of blood units transfused to patients in the hospital (given period of time is January 1 to December 31st of the reporting year)	
46	Total number of emergency department visits	Refers to the total number of emergency patients attended and who received health care services in the health care facility for a given period. (given period of time is January 1 to December 31st of the reporting year)	
47	Total number of emergency department visits, adult	Total number of adult emergency department visits (given period of time is January 1 to December 31st of the reporting year)	
48	Total Deaths	Total number of deaths in the hospital (given period of time is January 1 to December 31st of the reporting year)	
49	Total number of inpatient deaths	Total number of deaths of patients who were admitted for an overnight stay to the hospital or other healthcare facility.	

		(given period of time is January 1 to December 31st of the reporting year)
50	Total deaths < 48 hours	Total number of deaths of patients that died within 48 hours after admission. (given period of time is January 1 to December 31st of the reporting year)
51	Total deaths > 48 hours	Total number of deaths of patients that died after 48 hours after admission. (given period of time is January 1 to December 31st of the reporting year)
52	Total number of emergency room deaths	Total number of patients who arrived in the healthcare facility breathing and showed evidence of life but died after a short period of time. (given period of time is January 1 to December 31st of the reporting year)
53	Total number of cases declared 'dead on arrival	Refers to the condition in which a patient arrived in a healthcare facility with no life processes and is pronounced dead by a physician. (given period of time is January 1 to December 31st of the reporting year)
54	Total number of stillbirths	Total number of babies born with no signs of life at or after 28 weeks' gestation. (given period of time is January 1 to December 31st of the reporting year)
55	Total number of neonatal deaths	Total number of a newborn patient from birth up to 28 days of life (given period of time is January 1 to December 31st of the reporting year)

56	Total number of maternal deaths	Total number of deaths resulting from obstetric complications of the pregnancy state (pregnancy, labor, and puerperium) from interventions, omissions, incorrect treatment, or from chain of events mentioned. (given period of time is January 1 to December 31st of the reporting year)	
57	Gross death rate	The ratio of all inpatient deaths including newborns for a given period to the total number of discharges including deaths for a given period. Total Deaths (including newborn for a given period) over Total Discharges and Deaths for the same period. Multiply quotient to 100%	
58	Net death rate	The ratio of deaths excluding deaths under 48 hours of admission. It produces a lower figure than the gross death rate. It is also known as Institutional Death Rate Total Deaths (including newborn for a given period) - death < 48 hours for the period over Total Discharges (including deaths and newborn) - death < 48 hours for the period. Multiply quotient to 100%	
59	Ten Leading Causes of Mortality	Ten leading causes of death encountered in the hospital. It is recorded in ICD10 code	
60	Ten Leading Causes of Mortality/Deaths Disaggregated as to Age and Sex	Top 10 leading causes of mortality/deaths with detailed sub-categories for Age and Sex.	

61	Infection rate	Risk of an infection in a population. It is used to measure the frequency of occurrence of new instances of infection within a population during a specific time period. Number of Healthcare Associated Infections over Number of Discharges. Multiply quotient to 100%	
62	Ventilator Acquired Pneumonia	Incidence of patients that acquire pneumonia occurring more than 48 hours after patients have been intubated and received mechanical ventilation. $\dfrac{\text{Number of Patients with VAP}}{\text{Total Number of Ventilator Days}}$ Multiply quotient to 1000%	
63	Blood Stream Infection	Incidence of patients acquiring Blood stream infection resulted from health interventions during stay in the health facility $\dfrac{\text{Number of Patients with BSI}}{\text{Total Number of Central Line (peripheral lines not included)}}$ Multiply quotient to 1000%.	
64	Urinary Tract Infection (UTI)	Incidence of patients acquiring UTI as a result of insertion of a catheter $\dfrac{\text{Number of Patients (with catheter) with UTI}}{\text{Total Number of Catheter Days}}$ Multiply quotient to 1000%	
65	Surgical Site Infection	Incidence of patients acquiring a surgical site infection resulted from health interventions after surgery	
		Number of Surgical Site Infections (Clean Cases) over Total number of Clean Procedures done. Multiply quotient to 100%	
66	Ten leading Major Operation	Ten leading major operations or surgical procedures requiring anesthesia/ spinal anesthesia to be performed in an operating theatre. (The definition of a major operation shall be based on the definitions of the different cutting specialties.)	
67	Ten leading Minor Operations	Ten leading minor operations or surgical procedures requiring only local anesthesia/ no OR needed, example suturing.	
68	Staffing Pattern	Breakdown of total number of all employees in the hospital	

Expenses

69	Amount spent on personnel salaries and wages	Amount spent on personnel salaries and wages for the reporting year	1. DOH Hospital Health Information Management Manual
70	Amount spent on benefits for employees	Benefits are in addition to wages/salaries. Benefits include for example: social security contributions, health insurance for the reporting year	2. DOH A.O. No. 2012-0012, Annex E: Annual Hospital Statistical Report
71	Allowances provided to employees at this facility	Allowances are in addition to wages/salaries. Allowances include for example: clothing allowance, PERA, vehicle maintenance allowance and hazard pay for the reporting year	3. DOH DM No. 2014-0015, specifically on New Hospital Statistical Report Form
72	Total amount spent on all personnel including wages, salaries, benefits and allowances for last year	Total amount spent on all personnel including wages, salaries, benefits and allowances for the reporting year	
73	Total amount spent on medicines	Total amount spent for procurement and purchase of medicines for the reporting year	

74	Total amount spent on medical supplies	Total amount spent for procurement and purchase of medical supplies for the reporting year	
75	Total amount spent on utilities	Total amount spent on utilities for the reporting year	
76	Total amount spent on non-medical service	Total amount spent on other non-medical services such as: security, food service, laundry, waste management for the reporting year	
77	Total amount spent on maintenance and other operating expenditures (MOOE)	Total amount spent on maintenance and other operating expenditures (MOOE) for the reporting year	
78	Amount spent on infrastructure	Amount spent on infrastructure for the reporting year	
79	Amount spent on equipment	Amount spent on equipment for the reporting year	
80	Total amount spent on capital outlay (CO)	Total amount spent on capital outlay (CO) for the reporting year	
81	Grand Total	Total expenses of the hospital for the reporting year	
Revenues			
83	Total amount of money received from the Department of Health	Total amount of money received from the Department of Health	1. DOH Hospital Health Information Management Manual
84	Total amount of money received from the local government	Total amount of money received from the local government	2. DOH A.O. No. 2012-0012, Annex E: Annual Hospital Statistical Report
85	Total amount of money received from donor agencies	Total amount of money received from donor agencies (for example JICA, USAID, and others)	3. DOH DM No. 2014-0015, specifically on New Hospital Statistical Report Form
86	Total amount of money received from private organizations	Total amount of money received from private organizations (donations from businesses, NGOs, etc.)	
87	Total amount of money received from PhilHealth	Total amount of money received/reimbursed from PhilHealth	

93

88	Total amount of money received from direct patient/ out-of-pocket charges/fees	Total amount of money collected from direct patient/out-of-pocket charges/fees	
89	Total amount of money received from reimbursement from private insurance/HMOs	Total amount of money received from reimbursement from private insurance/HMOs	
90	Total amount of money received from other sources	Total amount of money received from other sources (PAGCOR, PCSO, etc.)	
91	Grand Total	Grand Total of Revenues for the reporting year	
92	Report Prepared by	Authorized personnel that prepared the hospital statistical report for the for the reporting year	
93	Designation/ Section/ Department	Official designation and section/department of the authorized personnel that prepared the report.	
94	Report Approved and Certified by	Approving entity of the report	

2. Mandatory National Standard Data Code Sets

#	STANDARD DATA CODE SET		VERSION	CUSTODIAN	DESCRIPTION	REMARKS
A	**SEMANTIC AND SYNTACTICAL STANDARDS**					
1	Classification of Diseases and Related Health Problems	International Statistical Classification and Related Health Problems 10th Revision (ICD 10) *With* Philippine ICD-10 Modifications—	ICD 10 v. 2013 Philippine ICD-10 Modifications 2nd edition: May 2014	World Health Organization (WHO) Department of Health – Epidemiology Bureau	The International Statistical Classification of Diseases and Related Health Problems 10th Revision (ICD-10) is a coding of diseases, signs and symptoms, abnormal findings, complaints, social circumstances and external causes of injury or diseases, as classified by the World Health Organization (WHO). The code set allows more than 14,400 different codes and permits the tracking of many new diagnoses. (DOH Administrative Order 2015-0037)	ICD-10 is commonly used for: • Statistical reporting on major diagnoses and health problems; • Mortality and morbidity statistics; and • Billing, reimbursement and resource allocation.
2	Client Identifier	Philippine Health Insurance Corporation (PhilHealth) Identification Number	PhilHealth ID Number	PhilHealth	The PhilHealth Identification Number (PIN) is a unique and permanent number issued to any client upon enrolment/membership registration to the National Health Insurance Program of the Corporation for purposes of identification, eligibility verification, and utilization recording. (DOH	

—

				Administrative Order 2015-0037)	
3	Clinical Health Terminology	Systematized Nomenclature of Medicine – Clinical Terms (SNOMED CT) —	SNOMED CT International edition	International Health Terminology Standards Development Organization (IHTSDO)	SNOMED CT is a clinical terminology with global scope covering a wide range of clinical specialties, disciplines and requirements. Specifically, it provides a standardized way to represent clinical phrases captured by clinician and enables automatic interpretation of these. (DOH Administrative Order 2015-0037)	SNOMED CT is commonly used for: • Point of care analytics (historical summaries, decision support); • Population analytics (pharmacovigilance, audit and planning); and • Clinical research (cause and management of diseases).
4	Date and Time	ISO 8601 Data Elements and Interchange Formats – Information Interchange – Representation of Dates and Times —	ISO 8601	International Standards Organization	An international date format defined by the International Standards Organization 8601 where YYYY is the year; MM is the month 01 (January) to 12 (December); DD is the day (01-31). An international time format defined by the International Standards Organization. It employs a 24-hour clock system with the format of [hh]:[mm]:[ss], where [hh] refers to a zero-padded hour between 00 and 24 (where 24 is only used to notate midnight at the end of a calendar); [mm]	

					refers to a zero-padded minute between 00 and 59; and [ss] refers to a zero-padded second between 00-*60 (where 60 is only used to notate an added leap second). (DOH Administrative Order 2015-0037)	
5	Drug Classification and Dosing	Anatomical Therapeutic and Chemical Classification System (ATC)/Defined Daily Dose (DDD)	ATC DDD 2015	WHO Collaborating Centre for Drug Statistics Methodology/ Norwegian Institute of Public Health	The Anatomical Therapeutic and Chemical Classification System (ATC) divides drugs into different groups according to the organ or system on which they act and/or their therapeutic and chemical characteristics. The Defined Daily Dose (DDD) is the assumed average maintenance dose per day for a drug used for its main indication in adults. It is used to standardize the comparison of drug usage between different drugs or between different health care environments. (DOH Administrative Order 2015-0037)	
6	Drug Establishment Identifier	DOH Drug Establishment Identifier	Drug Establishment Module v. 3 of the EDPMS of DOH	Department of Health – Food and Drug Administration	National identifier code, taken from the Drug Establishment Identifier Module of the EDPMS, which uniquely identifies and/or classifies drug establishments licensed/accredited by the Food and Drug	

			—			Administration of DOH. (DOH Administrative Orders 2014-0034 & 2015-0037)	
7	Geographic Areas of the Philippines	Philippine Standard Geographic Code 2015 (PSGC) —	2015 PSGC	Philippine Statistics Authority – National Statistical Coordination Board	The Philippine Standard Geographic Code is a systematic classification and coding of geographic areas in the Philippines. Specifically, it is used for planning, surveys, census, voting, centers, databases, developing geographic information systems and mapping. (DOH Administrative Order 2015-0037)	
8	Health Care Professional Identifier	Professional Regulation Commission (PRC) Registry of Health Professionals *Registry:* National Database of Human Resources for Health Information System (NDHRHIS)	PRC Registry Books	Professional Regulation Commission *Registry:* Department of Health – Health Human Resource Development Bureau	The PRC license number that uniquely identifies all licensed healthcare providers such as doctors, nurses, midwives, occupational therapists, radiology technicians. The NDHRHIS contains the list of basic aggregated demographic information about selected human resource professionals – doctor, nurse, midwife, dentist, pharmacist, nutritionist-dietitian, medical technologist, physical therapist, and occupational therapist. (DOH Administrative	

					Orders 2015-0017 and 2015-0037)	
9	Health Establishment Identifier	Global Standards One (GS1) Codes: Unique Establishment Identification Number	Global Standards One (GS1) Codes: Unique Establishm ent Identificati on Number	Department of Health – Food and Drug Administration	National identifier code, taken from the Global Standards One (GS1) coding system, which assigns a unique establishment identification number to all FDA-regulated establishments over their registered health products. (FDA Circular 2014-011)	
10	Health Facility Identifier	National Health Facility Registry (NHFR) —	NHFR v. 2	Department of Health – Knowledge Management and Information Technology Service	The National Health Facility Registry (NHFR) is the official master list of health facilities for the Philippines. This registry provides public health professionals and the public with a core set of information regarding health facilities in the country. Among these health facilities are hospitals, rural health units, barangay health stations, drug testing laboratories, drug abuse treatment and rehabilitation centers, kidney transplant units, newborn screening facilities, psychiatric care facilities, ambulatory surgical clinics, blood service facilities, dental laboratories, dialysis clinics, HIV testing laboratories, free standing clinics and	

					other facilities licensed/accredited by the Health Facilities and Services Regulatory Bureau of DOH. (DOH Administrative Orders 2015-0037 & 2019-0060)	
11	Health Products and Devices	Global Standards One (GS1) Codes: Global Trade Item Number (GTIN) or Unique Global Product Identification Number —	GS1 Codes: GTIN	Department of Health – Food and Drug Administration	National identifier code, taken from the Global Standards One (GS1) coding system, that uniquely assigns a Global Trade Item Number or an equivalent unique global product identification number to all FDA-regulated health products and devices. (FDA Circular 2014-011)	
12	Licensed Embalmers in the Philippines	Official List of Licensed Embalmers in the Philippines	Official List 2016	Department of Health – Health Human Resource Development Bureau	The official master list of duly licensed embalmers in the Philippines. The registry contains the list of basic demographic and registration information of duly licensed embalmers in the country. (DOH Administrative Order 2015-0037)	
13	Licensed Massage Therapists (LMT) in the Philippines	Official List of Licensed Massage Therapists — (LMT) in the Philippines	Official List 2015	Department of Health – Health Human Resource Development Bureau Committee of Examiners for Massage Therapy (CEMT)	The official master list of duly licensed massage therapists in the Philippines. The registry contains the list of basic demographic and registration information of duly licensed massage therapists in the country. (DOH	

					Administrative Order 2015-0037)	
14	Map Coordinates	World Geodetic System (WGS 84)	WGS 84 2004 revision	United States Department of Defense	The World Geodetic System is a reference coordinate system used by the Global Positioning System for cartography and navigation. It provides a standard coordinate frame for the Earth, standards measure for altitude, and surface reference to define the nominal sea level. (DOH Administrative Order 2015-0037)	
15	Medical Imaging and Communications	Digital Imaging and Communications Medicine 2011 (DICOM) —	DICOM 2011	National Electrical Manufacturers Association	Digital Imaging and Communications in Medicine (DICOM) is a standard for handling, storing, printing and transmitting information in medical imaging. It includes a file format definition and a network communications protocol; and enables the integration of scanners, servers, workstation, printers and network hardware from multiple manufacturers into a picture archiving and communication system. (DOH Administrative Order 2015-0037)	
16	Medical Laboratory Results and Clinical Observations	Logical Observations Identifiers Names and Codes (LOINC 2.36)	LOINC 2.36	Regenstrief Institute, Inc.	Logical Observation Identifiers Names and Codes (LOINC) is a database and universal standard for	

		—			identifying medical laboratory observations. LOINC applies universal code names and identifiers to medical terminology related to electronic health records. The purpose is to assist in the electronic exchange and gathering of clinical results (such as laboratory tests, clinical observations, outcomes management and research). (DOH Administrative Order 2015-0037)	
17	Medical, Surgical and Diagnostic Procedures	Current Procedural Terminology (CPT 2011)	CPT 2011	American Medical Association (AMA)	The Current Procedural Terminology (CPT) describes medical, surgical, and diagnostic services and is designed to communicate uniform information about medical services and procedures among physicians, coders, patients, accreditation organizations, and payers for administrative, financial, and analytical purposes. (DOH Administrative Order 2015-0037)	
18	Registered Drugs/Medicines in the Philippines	DOH Drug/Medicine Identifier	Drug Coding Module v. 3 of the DOH Electronic	Department of Health – Food and Drug Administration	National identifier code, taken from the Drug Coding Module of the Electronic Drug Price Monitoring System	

			Drug Price Monitoring System		(EDPMS), which uniquely identifies and classifies registered drugs and medicines in accordance with the Food and Drug Administration registry guidelines. (DOH Administrative Orders 2013-0025 & 2015-0037)	
B	**STRUCTURAL AND SYSTEM STANDARDS**					
1	Document Sharing	Cross-Enterprise Document Sharing (XDS)	XDS.b.ITI-18 XDS.b.ITI-41 XDS.b.ITI-43	Integrating the Healthcare Enterprise (IHE)	Cross-Enterprise Document Sharing (XDS) facilitates the registration, distribution and access across health enterprises of patient electronic health records. Specifically, it is focused on providing a standards-based specification for managing the sharing of documents between any healthcare enterprise, ranging from a private physician office to a clinic to an acute care in-patient facility and personal health record systems. This is managed through federated document repositories and a document registry to create a longitudinal record of information about a patient within a given clinical affinity domain. (DOH Administrative Order 2015-0037)	

2	Interfaces to Interlinked Records of, and among Providers, Facilities, Organizations, Services (Query and Update for Interlinked Records)	Care Services Delivery (CSD) Profile	CSD ITI-73 CSD ITI-74 — — —	Integrating the Healthcare Enterprise (IHE)	The Care Services Delivery (CSD) Profile supports queries across related directories containing data about: organizations, facilities, services and providers. The CSD Profile describes four actors and the transactions between them: 1. Service Finder – the Service Finder Actor submits queries to the Care Services InfoManager, who returns the requested result(s). Queries may be expressed as invocations of "stored" queries, or (optionally) as ad hoc queries using the flexible XQuery standard, or (optionally) as iCalendar vFREEBUSY queries. 2. Care Services InfoManager – the InfoManager Actor has two roles. The InfoManager maintains a local cache of content that represents cross-referenced data from one or more Care Services Directory actors. The InfoManager periodically	Because it maintains interlinked directory information, the CSD Profile is able to respond to queries such as: 1. Which facilities are associated with which organizations? 2. What services are provided at specific facilities or, conversely, where are the facilities that provide a specified service? 3. Who are the providers associated with a particular organization; what services do they provide; at which facilities do they provide these services, and when? 4. Within a specified date range, when are the schedulable time slots for the provider of a specific service?

ＥＯＴ

104
			—			refreshes this cache by querying Directory actors for updated content. The InfoManager's other role is to process inbound queries from Service Finder actors. These queries are executed against the cached content.
			—			3. Care Services Directory — the Directory Actor is responsible for returning an XML document in response to a refresh request from a Care Services InfoManager. The response document contains content which has been inserted or updated in the directory since the last refresh and is expressed in the format defined by the CSD Profile's XML schema.
			—			4. Service Availability — the Service Availability Actor responds to requests for the "busy" time for a provider offering a service at a specified facility or for a service at

|						
			—		a specified facility. This busy data may be employed to determine the free time slots which may be scheduled. The format of the request and response is defined by the IETF CalDAV specification (RFC 4791). (DOH Administrative Order 2015-0037)	
3	Interfaces to the Client Registry (Cross-referencing and Linkage of Patient Information)	Patient Identity Cross-Reference (PIX) —	PIX ITI-8	Integrating the Healthcare Enterprise (IHE)	The Patient Identifier Cross Referencing (PIX) Integration Profile supports the cross-referencing of patient identifiers from multiple Patient Identifier Domains. This is done through: 1) transmitting patient identity information from an identity source to the Patient Identifier Cross-reference Manager; and 2) providing the ability to access the list(s) of cross-referenced patient identifiers either via a query/ response or via an update notification. (DOH Administrative Order 2015-0037)	
4	Interfaces to the Client Registry (Simple Enquiry for Patient Demographic Information)	Patient Demographics Query (PDQ)	PDQ ITI-21	Integrating the Healthcare Enterprise (IHE)	The Patient Demographics Query (PDQ) Integration Profile lets applications query a central patient	PDQ provides a very simple means for enquiring to receive demographic

#						
		—			information server and retrieve a patient's demographic and visit information. (DOH Administrative Order 2015-0037)	information, based on: 1) partial or complete patient name [printed on the patient record or told by the patient]; 2) patient ID [this may be obtained from printed barcode, a bed-side chart, etc.]; 3) partial ID entry or scan' 4) date of birth / age range; and 5) bed ID, among others.
5	National Health Data Dictionary	National Health Data Dictionary (NHDD) —	NHDD v. 3	Department of Health – Knowledge Management and Information Technology Service	The National Health Data Dictionary is the national standard reference on all mandatory national health data standards, for adoption by the entire health sector. All approved standard concepts, terminologies. definitions, metadata and code sets for use across the entire health sector shall be lodged, added and/or updated, and made available through the NHDD. (DOH Administrative Order 2015-0037)	
6	Messaging Standard	Health Level Seven (HL7) Standards *With* Fast Health Interoperable Resources (FHIR)	HL7 V3 Normative edition	Health Level Seven International	HL7 provides a framework (and related standards) for the exchange, integration, sharing, and retrieval of electronic health information. These standards define how	

			—		information is packaged and communicated from one party to another, setting the language, structure and data types required for seamless integration between systems. FHIR – Fast Health Interoperable Resources– is a next generation standards framework created by HL7. FHIR combines the best features of HL7's Version 2, Version 3 and CDA product lines while leveraging the latest web standards and applying a tight focus on implementability. Specifically, FHIR describes a set of base resources, frameworks and APIs that are used in many different contexts in healthcare. It creates a common platform or foundation on which a variety of different solutions are implemented. (DOH Administrative Order 2015-0037)
