- (g) Affidavit of Non-Holding of Annual Meeting (ANHAM), to be filed together with the GIS. Also, the filer may submit a GIS, without any movement/change (No Meeting Held).

The optional filing of ANO and ANHAM, when warranted, is subject to existing applicable SEC Memorandum Circulars, rules and regulations, including but not limited to SEC Memorandum Circular No. 3, Series of 2007¹⁰, as superseded by Section 25 of the RCC¹¹. The ANO and ANHAM are deemed not filed if not attached to the FS and GIS, respectively.

Section 3. Mandatory Enrollment to OST. All corporations registered with SEC must enroll in the OST in order to access and submit reports through the OST, except as otherwise provided in this Memorandum Circular and other issuances of the Commission.

The enrollment process of all registered corporations will start on 15 March 2021.

Section 4. SEC Offices in Charge. For the initial implementation, the Systems Operations Division, Information and Communications Technology Department (SOD-ICTD) shall initially handle the provision of access to the OST through a validation process. Subsequently, for validation on the registration of a corporation, this will be handled by the Company Registration and Monitoring Department (CRMD), in order to verify the authenticity of registration documents submitted by the corporation, and subsequently, all SEC departments requiring the relevant reports.

PROCEDURES FOR THE USE OF OST

Section 5. Enrollment Procedure and Requirements

- (a) Fill out the application form online through <https://ciffs-ost.sec.gov.ph>
- (b) Attach the following documents:

- (1) Board Resolution, as embodied in a Secretary's Certificate, from the corporation authorizing the Company's representative to file reports on behalf of the corporation.

Corporations shall follow the prescribed format of the above Board Resolution, which may be downloaded from the OST.

- (2) MC28 Report, as stated in Annexes D to G required under SEC Memorandum Circular No. 28, s. of 2020 or the Requirement for Corporations, Associations, and Individuals to Create and/or Designate E-mail Account Address and Cellphone Number for Transactions with the Commission and/or General Information Sheet (GIS) version 2020 or

¹⁰ Sections 11, 12, Part D (Company Registration and Monitoring Department) SEC Memorandum Circular No. 3, Series of 2007 or the "Amendment of Reportorial Requirements", issued on September 5, 2007.

¹¹ Section 25, RCC – Report of Election of Directors, Trustees and Officers, Non-holding of Election and Cessation from Office

Notification Update Form (NUF) for Foreign Corporations submitted to the SEC.

The online enrollment shall be open for both corporations and firms providing related services to corporations including, but not limited to law firms and consultancy firms (the "Firms"), provided that there is a Board Resolution to that effect, as abovementioned.

The role of the authorized filer is to submit and upload documents on the company's behalf, as authorized by the company in the Board Resolution. The company may function as its own authorized filer or nominate a different email address as its authorized filer, in a case where a company either outsources the filing of its documents through an external party or uses a different email address within its own company for submission. If a company chooses to function as its own filer, then no additional steps for enrollment are required.

As to subsequent enrollments, the Firms need not enroll again as an authorized filer provided that an email address already existing under its account will be allowed by the enrolled corporation as an authorized filer. Also, its account should be activated first before it can file documents for the corporation even without enrollment.

The enrolled company may activate its authorized filer using the email address authorized by the corporation.

But if the corporation provides another email address to the authorized filer different from the existing email address, as enrolled in the OST, the authorized filer needs to enroll again for the new corporation. The email address provided by the enrolled corporation will serve as the access key for the authorized filer to be accepted in the OST.

The enrollment is a one-time process for the reporting corporation. In the event the corporation decides to change its/their authorized filer, the reporting company shall enroll a new filer and replace the old one, revising and updating in the same enrollment form submitted by the reporting entity when it originally enrolled in provided for the company under the OST.

- (3) Upload the application form, together with the aforementioned attachments.
- (4) Wait for the approval of the application through email and the access key (User ID and Password) to file reports through the OST. The access key must be treated as confidential at all times for the security of the company filing the reports.
- (5) If the application is pending approval, wait for a notification through registered email for compliance with additional requirements, if any. If

The SEC will post on the OST website and its official website step-by-step guides on the conversion of the documents to be filed in the OST.

Section 7. Review of the Quality of the Image of the Report; Final Acceptance of the Report. Filers will receive an automatic reply for the initial acceptance of the reports for review by the SEC-Electronic Records Management Division (SEC-ERMD) with regard to the quality of the image. Once the reports have passed the quality assurance, a Quick Response (QR) Code will be issued to filers online.

In the case of filers who complied with the prescribed format but failed to indicate the prescribed content required in the report, the Department requiring such report will address the issue during the monitoring process through proper review and assess

penalties, if applicable, subject to the existing laws, rules and regulations and memorandum circulars issued by the Commission.
