Board Resolution:

TOLL REGULATORY BOARD

GUIDELINES FOR THE ESTABLISHMENT, OPERATION AND MAINTENANCE OF TOLLWAY SERVICE FACILITIES

WHEREAS, pursuant to Presidential Decree 1112, the Toll Regulatory Board is empowered to determine and decide the kind, type and nature of public improvements that will be constructed and/or operated as toll facilities, including the establishment, operation and maintenance of Service Facilities throughout the Tollways;

WHEREAS, the huge financial requirements of establishing these Service Facilities have made it necessary to tap the resources of private investors or proponents in order to dispense with the need for government to self-finance the same;

WHEREAS, the Toll Regulatory Board is mandated to issue the necessary rules and regulations governing these Service Facilities in order to promote the optimum and efficient use of strategic areas along the Tollways through the planned construction and establishment of Service Facilities and ensure the safety, comfort and convenience of Tollway motorists;

NOW, THEREFORE, in the light of the foregoing premises, the Toll Regulatory Board hereby issues the following Guidelines to govern the establishment, operation and maintenance of Tollway Service Facilities:

Section 1.0 - STATEMENT OF POLICY

In order to adequately provide the required essential service facilities throughout the Tollways for the purpose of preserving and ensuring the safety, comfort and convenience of Tollway motorists, it is necessary to secure and/or encourage alternative means to finance the design, construction, establishment, operation and maintenance and management of these kind of services by tapping the capability and competence of private investors, thereby dispensing with the need for government to self-finance these projects.

✓ In this regard, the construction, establishment, operation and maintenance of Service Facilities under the management of the private sector(s) should be authorized; provided, the same be closely monitored, supervised and regulated in the interest of the public.

Section 2.0 - DEFINITION OF TERMS

- 2.1 Service Facilities - Approved facilities that are financed, designed, constructed, established, operated, maintained and managed by the private Investors along appropriate segments of the Tollways, its extensions, linkages and stretches;
- 2.2 Service Facility Agreement - Contract entered into by and between the Tollway Operator and Service Facility Operator for the financing, design, construction, establishment, operation, maintenance and management of Service Facilities;
