

Greetings and Welcome to *Aguhon*: Recognition Rites of the UP College of Law Class of 2021!

The Class of 2021 chose *Aguhon, Bisaya* for **compass**, as the symbol for its graduation. *Aguhon* celebrates the end of a journey unique and personal to every member of the graduating class and symbolizes new beginnings for each of them. The path that the graduates have taken to reach this point has been unlike any other.

The members of Class 2021 have traversed uncharted territory in overcoming the demands of law school and found their way in these uncertain and challenging times. Through diligence and effort poured into pursuing their dreams, the Class of 2021 stayed on course and used the challenges and hardships of the times to find their bearings. Like explorers and adventurers, they scaled mountains and charted their course to reach their goals. They overcame hurdles and roadblocks, always guided by their aspirations and dreams. We commemorate their remarkable achievements show-casing honor and excellence worthy of a true *Iskolar ng Bayan*.

As the graduates embark on their next journey through the legal profession, may they be guided by the lessons they have learned and the experiences they have lived through as members of the UP Law community.
Padayon Class of 2021!
